Fallout 3 Perfect Character Guide

- The purpose of this guide is a **perfect character** for **Fallout 3** at level 20
- "Powerplay" in this guide refers to creating the ultimate all around character with maxed-out skills and fine-tuned S.P.E.C.I.A.L. stats
- There's room for customization, so you will end up with **"your" Fallout 3 Perfect Character**
- "Powerlevel as fast as possible" is not in the nature of Fallout 3. So for that, look for other games
- How Much You Need To Increase Each Skill To Reach 100 on All Skills
- How To Maximize the Benefit of the skill books and bobbleheads
- The Optimal Starting Stats

Warning! If you choose to follow the recommendations in this guide, you will not have the most optimal character for *leveling*. However, you can do most things with ease while at it. This because we want to have the best possible character in the end, not at level 7

SPOILER WARNING There are spoilers in this guide and the guide is definitely not for anyone who hasn't played Fallout 3 by themselves first. So go buy the game, enjoy it, and then if you feel like gushing your character and yourself to the limit, come back to this guide.

For those not familiar with Fallout 3 the game, check out the Vault Fallout Wiki for introduction

"Fallout 3 is a post-apocalyptic computer and console action role playing game developed and published by Bethesda Softworks as the third installment in the Fallout series and a sequel to Interplay's Fallout and Fallout 2. It was released on October 28 in North America, on October 31 in Europe and on December 4 in Japan. It is available on the PC, Xbox 360 and PlayStation 3

The game takes place in the year 2277 on the East Coast of what used to be the United States of America, mostly in Washington, DC, Maryland and Virginia. The gameplay features include real-time combat and first or third person perspective, in contrast to the previous games, which were turn-based and isometric"

If you do know the game and have played it.

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number
___ ___ ___ - ___ ___ - ___ ___ ___ ___

or

Employer identification number
___ ___ - ___ ___ ___ ___ ___ ___ ___

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ Date ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

Department of Consumer Affairs

Debt Collection: Money Judgments and Frozen Bank Accounts
Information for Consumers

Debt collection was the #1 complaint category for the Department of Consumer Affairs (DCA) in 2008 with complaint volume increasing nearly 70% compared to 2007. Although DCA can mediate many of the complaints we receive, we cannot mediate issues that involve money judgments and frozen bank accounts. To help you protect yourself—and your money—DCA created this fact sheet, which explains where to turn when you need assistance.

Money Judgments

What is a money judgment?
If a person or company (known as the "creditor") sues you claiming that you owe a certain amount of money and the judge decides in the creditor's favor, the judge awards a money judgment. The creditor has a right to try to collect that money from you or "satisfy the judgment." If a creditor has a money judgment against you, that creditor may try to take money directly from your bank account to pay off the debt.

If I have a money judgment against me, what happens to the money in my bank account?
One way a creditor can try to collect on a money judgment is to use legal papers to the bank or credit union requiring it to freeze any of the consumer's bank account. This allows a creditor to take money directly from the account.

Can a creditor take all of my money to satisfy a money judgment?
In New York State as of January 1, 2008, even if a creditor has a judgment against you, the creditor cannot take, retain, or freeze all of the money in your account—*no matter how much you owe.*

Exempt Funds

Under State and Federal law, certain money may never be taken by creditors to satisfy money judgments. (See *Are there exceptions to the Exempt Income Protection Act?*) This money is considered "exempt funds." You may choose to use exempt funds to pay a debt you owe, but a creditor cannot freeze or forcibly take those funds from you or your bank account to pay off a debt.

Exempt funds include the following:

- ✓ Supplemental Security Income (SSI)
- ✓ Social Security retirement
- ✓ Social Security Disability (SSDI)
- ✓ Public assistance (Temporary Assistance for Needy Families, TANF, Income earned while receiving SSI or public assistance)
- ✓ Disability benefits
- ✓ Workers' compensation benefits
- ✓ Veterans' benefits
- ✓ Black lung benefits
- ✓ Spousal support, maintenance (alimony) or child support
- ✓ Railroad retirement
- ✓ Unemployment benefits
- ✓ **Wages**. Ninety percent (90%) of your wages earned during the past 60 days are exempt if you need them for basic needs such as shelter, rent or mortgage, food and medicine. This means that if you earn $500 per week, up to $3,600 would be exempt from an account freeze, if you need it for money for critical expenses like rent or mortgage, food or medicine.
- ✓ **Most public or private pensions**. Public or private pensions are usually exempt from collection.

Exempt Income Protection Act of 2008

Under a new law, effective January 1, 2008—the Exempt Income Protection Act of 2008—some money held in bank accounts is protected to ensure that consumers have sufficient funds set aside to meet their basic needs such as rent, food, and medicine.

USACE begins debris separation, segregation in Tuscaloosa

MOBILE, Ala – Today the U S Army Corps of Engineers Mobile District contractor Phillips & Jordan Inc began the process of debris separation and segregation along public rights of way/curbsides in the city of Tuscaloosa, Ala

The city of Tuscaloosa requested USACE assistance through the Alabama Emergency Management Agency Operations Center and FEMA The city is prioritizing the separation and segregation activities to begin in areas cleared by Search and Rescue

The purpose of separation and segregation is to organize the debris for follow-on removal To support this effort, residents are asked to separate debris at the curbside into the following categories household garbage construction debris vegetative debris, household hazardous waste white goods and electronics The attachment provides more detail on how residents affected by tornado storms can assist with this effort.

Phillips & Jordan provides overall management and local contractors who want to assist can find sign-up information for subcontract opportunities via the USACE Mobile District Homepage at www.sam.usace.army.mil

Remote Directory / Remote Phonebook / Remote Contacts

Enabling/Disabling the Remote Directory Visibility

Remote Directories are set up and edited via an Internet browser. The initial setup and access to a Remote Directory must be set up by a Speechpath Technician

Creating a Remote Directory

1. Log onto your account on http://my.speechpath.ie
2. Select 'Phonebook' from the Menu on the right Hand Side
3. Click On 'New Phonebook' to create a new Remote Directory Group
4. Under the Create Phonebook Heading, enter a Phonebook Name (eg 'Clients') and also enter your phones Public IP Address. This must be a Static IP Address. To find out your Public IP Address Google "What is my public IP"
5. Click on the Name of the New Phonebook to edit it.

6. Click 'New Contact' to add a contact. Multiple Phone numbers can be added

Adding Remote Directory to your phone

To add a Remote Directory to your Yealink Phone, you will need to open up your phones settings in your web browser. The browser address of your Phone is its local IP Address

To find out your phones Local IP address, Go To > Menu > then 'Status'

Note: It will look something like this: 192.168.1.25

1. Enter the Phones IP Address in your browser and with your keypad press enter
2. You will be asked you a username "user" and password "password"
3. Once logged in, navigate to the 'Directories' Tab shown near the top of page
4. Now navigate to 'Remote Phonebook' which will be in the menu now on the left of page
5. Copy and paste the XML URL (shown above) into the URL field and Name it what you like

If you are experiencing any issues or have a query, contact us at support@speechpath.ie

AdChoices ▷

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Note. If you sew a U.S. owned arm a business gives you a form other than Form W-9 to request your TIN, you must use the business's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 may require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must provide Form W-9 to the appropriate for purposes of withholding backup withholding and avoiding withholding on its beneficial interest or distributive share in the partnership's trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a foreign trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions business in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or reference in the treaty that contains the saving clause and its paragraph).

4. The type and amount of income that you claimed for the exemption from tax.

5. Business basis to justify the reportable from the under the terms of the treaty clause.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that reportable.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

Basis to backup withholding? Persons business certain payments to you must under certain conditions a interest and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made to settlement of payment card and third party network transactions, and certain payments from fishing boat proceeds. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the business your correct TIN, make the above certifications, and report all your income interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the business;

2. You do not supply your TIN when required (see the Part II instructions on page 3 for details);

3. The IRS tells the requester that you provided an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend business exempt other types only).

Certain payees and payments are exempt from backup withholding. See business please code on page 3 and the separate Instructions for the Requester of Form W-9 for more information.

Also see Special rules for partnerships above.

What is FATCA reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain investors are exempt from FATCA reporting. See Exemption from FATCA reporting code on page 3 and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must furnish updated information to any person to whom you submit to be reportable payments or to which you request to backup withholding. For individual, failure to furnish updated information to the future from the business. For example, you may need to backup updated amount on a you are a C corporation that elected to begin S corporation, or if you no longer are an exempt. In addition, you must furnish a new Form W-9 if the name or TIN requested the amount be incorrect. If the income of a grantor trust also

Penalties

Failure to furnish TIN. If you fail to furnish your income TIN to a business you the subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that causes us to withhold withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Interfaith Prayer Service and Meal Packaging Event

October 31st is the 500th anniversary of the Reformation. Rather than look back at events that separated Catholics and Lutherans in the distant past Bishop Mitchell Rozanski, Bishop of the Roman Catholic Diocese of Springfield, and Reverend Lauren Holm, Pastor of Bethesda Lutheran Church in Springfield and Dean of the Western MA Conference of the Evangelical Lutheran Church in America, celebrate the last 50 years of positive Lutheran/Catholic dialogue and the many areas of agreement between our two traditions. Further we celebrate our many partnerships with members of the interfaith community.

As a sign of the growing ties between faith communities, an Interfaith Prayer Service will be held on Sunday, Oct. 29 at 2 pm. at St. Michael's Cathedral, 260 State Street, Springfield.

Following the prayer service, everyone is invited to the adjoining Bishop Marshall Center to help package food. All ages are invited to work on assembly lines packaging ingredients into a bag that serves six people. $2,500 will cover the supplies to feed 10,000. These first meals will go to the Western MA Food Bank to help feed the hungry in Western MA. We have already secured enough donations to cover this first group.

We are now raising a second $2,500 to feed another 10,000 people, this group will go to those people affected by the recent hurricanes. If we go over that goal we will continue to package more meals for those affected by hurricanes. To help reach the goal, please send checks payable to Bethesda Lutheran Church, 499 Island Pond Road, Springfield, MA 01118.

Bishop Rozanski, and Reverend Holm, envision this as an opportunity to show our two denominations working together along with members of the interfaith community on hunger an issue about which we all care. Hunger is a big problem but there is no limit to what we can do working together

occasional greeting. It was then that he noticed that all seven appeared to be oriental. They had slanted eyes and olive skin (sounds like MIB-types) and were jabbering among themselves in some undecipherable language. They were everyday clothes not uniforms. Suddenly they began to return to the helicopter. The hunter still waving and shouting friendly greetings started after them. The Orientals quickened their pace. When the hunter approached to within five or six feet they broke into a dead run, crowded into the chopper and took off.

In a documented mystery helicopter wave in England accounts place Oriental-appearing occupants in an unidentified chopper. Sleet-eyed olive-skinned Oriental occupants have been a staple at the heart and at the periphery of UFO accounts for many years. Significant numbers of the infamous 'men-in-black' (MIB) have a similar appearance. But very often they are seen as very pale and gaunt men who appear to be very sensitive to light.

Some Conclusions

In STIGMATA No 5 (Fall-Winter 1978) Tom Adams outlined the most prominent speculative explanations accounting for the mutilation-helicopter link including the following:

a. The helicopters are themselves UFOs disguised to appear as terrestrial aircraft.
b. The choppers originate from or are allied with the government/military and are not involved in the actual mutilations but are investigating them.
c. The choppers originate from within the government and are conducting some of the mutilations.
d. The helicopters are government/military and they know about the identity and motives of those who are perpetrating the mutilations and by their presence are trying to divert attention to the possibility of involvement by the military.

The answer as far as Tom Adams was concerned could be a combination of the above proposals. There has also been speculation that the government is involved in part of the mutilations as a sampling procedure for programs involving biological warfare, biogeological testing for petroleum and mineral deposits or other similar programs at the site of the mutilation for instance. A US Army lease scalpel was found. Since the disks have been mostly involved when it comes to mutilations it is generally thought that this was a diversionary ploy.

Chemical Analysis

Element | Woman

Symbol | We

Discoverer | Adam

Quantitative Analysis | Accepted at 36 - 28 36, though isotopes ranging from 25- 10 - 20 to 60 + 55 - 60 have been identified.

Occurance | Found whenever man is but seldom in the highly reactive energenc singlet state Surplus quantities in all urban areas.

Physical Properties | Undergoes spontaneous dehydrolysis (weeps) at absolnely nothing and freezes at a momenis notice Totally unpredictable. Melts when properly treated Very bitter if not well used Found in various states ranging from virgin metal to common (wh)ore Non magneuc but attracted by coins and sports car In its natural shape the specimen varys considelcably but it is often changed artificially so well that the change is indiscernable except to the experienced eyes

Chemical Properties | Has a great affinity for AU AG and C especially in crystalline form May give violent reaction if left alone Will absorb great amount of food mates Highly desired reaction is inuated with various reagents such as C(2)-H(5) OH and amershave lotions An essential eatalyst is often required (must say you love her at least five umes daily) Reaction accelerates out of control when in the dark and all reaction conditions are suitable Extremely difficult to react if in the highly stable pure form Yields to the pressure applied to correct points The reaction is highly exothermic

Storage | Best results are obtained between ages of 18 and 25 years

Uses | Highly ornamental Used as a tonic for low spirits Used on lonely nights as a heating agent (if properly prepared)

Tests | Pure specimen turns rosy tol if discoverded in raw natural state. Turns green if placed besides a better specimen

Caution | Most powerful reducing agent known to man (income and ego) Highly explosive in inexperienced hands Specimen must be used with great care if experiments are to succed. It is illegal to possess more then one permanent specimen, though a certain amount of exchange is permitted

GET YOUR NEW THIN CLIENT SYSTEM UP AND RUNNING

Congratulations—welcome to enhanced security, reduced cost, less risk and a system that's a whole lot easier to manage.

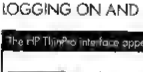
HP ThinPro thin clients help improve productivity with quick deployment of simple, familiar and more reliable computing experiences.

It's easy to get started

This quick-start guide illustrates some of the most common tasks of setting up an HP ThinPro thin client. It is designed to help you get up and running right out of the box. However, if you have questions, need more information or want to set up a more unique configuration, please refer to the HP ThinPro Administrator Guide at **www.hp.com/support/manuals/thinclients**. Select your thin client and its respective guide under *General Reference*.

LOGGING ON AND GETTING STARTED

The HP ThinPro interface appears when you first turn on the thin client and defaults to User Mode.



User Mode

- Allows restricted rights to subset of access, connection creation and control panel applications. Allows restricted rights to subset of access, connection creation and control panel applications.

Administrator Mode

- Allows full access to control panel applets, menu pulled on of HP ThinClient Configuration Deployment, FTP, images, etc.
- Default with connections and connection types are visible when in User Mode, and limits users on deleting connections or creating new ones.

Note: You must log in with administrator permissions to access all components of the HP ThinPro user interface. The default password for Administrator Mode is: root.

To switch between User and Administrator mode:

1. Click the HP logo in the bottom left of the screen.

   or

2. Position your cursor in the screen background and right-click. Then, select **Administrator/User Mode Switch**.
3. Enter your password.

Quick tip

To determine if you are in User or Administrator mode:

A blue banner at the top of the console window designates User Mode.

A red banner at the top of the console window designates Administrator Mode.

Hi Karen,

Taylor and Higgins Rock!

GAS SUPPLY

Check all local codes for requirements, especially for the size and type of gas supply line required.

Recommended Gas Pipe Diameter

Pipe Length	Schedule 40 Pipe Inside Diameter		Tubing, Type L Outside Diameter	
	Nat.	LP	Nat.	LP
0-10 feet 0-3 meters	1/2" 12.7mm	3/8" 9.5mm	1/2" 12.7mm	3/8" 9.5mm
11-40 feet 4-12 meters	1/2" 12.7mm	1/2" 12.7mm	5/8" 15.9mm	1/2" 12.7mm
41-99 feet 13-30 meters	1/2" 12.7mm	1/2" 12.7mm	3/4" 19mm	1/2" 12.7mm
100-200 feet 31-61 meters	3/4" 19mm	1/2" 12.7mm	7/8" 22.2mm	3/4" 19mm

NOTICE: Do not use plastic pipe. Check to confirm whether your local codes permit [illegible].

NOTICE: Some local codes [illegible] always check with your local authority and [illegible].

Installing a New Main Gas Cock

Each appliance should have its own main gas cock.

A manual main gas cock shall be located in the vicinity of the [illegible] where one exists, or within 6 feet [illegible] of the appliance. Consult your local gas utility or [illegible] regarding location.

Compound used on threaded joints of gas piping must be resistant to the action of liquefied petroleum gases. The gas lines must be checked for leaks by the installer. This should be done with a soap solution, watching for bubbles on all connections, and [illegible] connected, a pressure test should be made.

> **⚠ WARNING**
>
> Never use an exposed flame to check for leaks. Appliance [illegible] and gas connections [illegible] valve and [illegible] gas pressure test. Never [illegible] connection [illegible] control valve will [illegible] damage.

A gas valve and ground joint union should be installed in the gas line upstream of the gas control valve to aid in servicing. It is required by the National Fuel Gas Code that a sediment trap be installed in the gas inlet. This consists of a tee fitting with a vertical leg [illegible] connected [illegible] the bottom of the tee [illegible] and [illegible].

Use one of the following gas connections when [illegible]:

- [illegible] Z21.24 [illegible] Connectors [illegible] Metal Tubing and Fittings.
- [illegible] Z21.[illegible] Appliance [illegible] Other [illegible] All-Metal Gas Connectors.

The above [illegible] may be used if acceptable by the authority having jurisdiction. The state of Massachusetts requires that a [illegible] be used to connect the [illegible] gas [illegible].

Pressure Testing of the Gas Supply System

1. To check the inlet gas pressure, a 1/8" NPT plugged tapping, accessible for test gauge connection, must be placed immediately upstream of the gas supply connection to the appliance.
2. The appliance and its individual shutoff valve must be disconnected from the gas supply piping system during any pressure testing of that system at test pressures in excess of 1/2 psig (3.5 kPa).
3. The appliance must be isolated from the gas supply piping system by closing its individual manual shutoff valve during any pressure testing of the gas supply piping system at test pressures equal to or less than 1/2 psig (3.5 kPa).

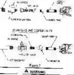

Figure 7

> **⚠ WARNING**
>
> [illegible] of the above or [illegible] in excess of [illegible] psig (14" w.c., 3.5 kPa) on the appliance gas valve [illegible] result in a hazardous condition.

Checking Manifold Pressure

3 Series Millivolt Natural gas will have a manifold pressure of approximately 3.5" w.c. (0.87 kPa) [illegible] 7" w.c. (1.74 kPa) [illegible] at the [illegible] regulator outlet with [illegible] pressure [illegible] mbar [illegible] of 6" w.c. [illegible].

2 Series Hydraulic Thermostat Natural gas will have a manifold pressure of approximately 6.0" w.c. (1.49 kPa) [illegible] pressure [illegible] of [illegible] w.c. [illegible] for the purpose of input adjustment to a minimum of [illegible] 5" w.c. (2.0 [illegible] kPa).

3 Series Millivolt Propane gas will have a manifold pressure of approximately [illegible] w.c. (2.49 kPa) [illegible] kPa) [illegible] outlet with the inlet pressure to the [illegible] for the purpose of input adjustment to a minimum of 10" w.c. (2.5 kPa).

2 Series Hydraulic Thermostat Propane gas will have a manifold pressure of approximately [illegible] w.c. (2.49 kPa) [illegible] for the purpose of input adjustment to a maximum of 13" w.c. (3.23 kPa).

Building Protection Zone

The installation and maintenance of Building Protection Zones are recommended within Parklands, Dawson Reserve, to the southern border, as well as those properties with an ICOT of unmanaged bushland or parkland which cover more than one hectare in area. Building Protection Zones in these areas are recommended to include:

- A 20 metre building protection zone (reduced fuel load) from the walls of any building or infrastructure unless otherwise approved in a Fire Management Plan
- All flammable materials to be at least 3 metres from the building.
- Isolated trees and shrubs may be retained from the 20 metres from the building
- Reticulated gardens shall be maintained to a height no greater than 5 metres (10 cm)
- Wood piles to be stored at least 10 metres from the building.

City Officers will be arranging visits to properties to assess the current status of BPZ implementation.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

	Jan 01 09 12:00a Mon

Use a leading zero for single-digit entries, such as the last two digits for the year (for example, for January 2005, you would press 05).

If you make an incorrect entry press Stop, and start over again.

When finished, all dates and time will appear on the display.

11 Set the fax heading

Press	Display reads
Menu	Enter Date/Time
2	2:Date/Time
2	2:Fax Number
	Your Name
Menu	Enter Date/Time
	Your Fax Number
Menu	2:Date/Time

Enter the name

Press the key with the letter you want.

ABC = 1 time, letters appear in order: A, B, C, 2

DEF = 2 times, letters appear in order: D, E, F, 3

When the correct letter appears on the display, press the number corresponding to the next letter in your name.

Repeat: press multiple times until the correct letter appears.

To enter a space, press once.

To enter a character, press .

To enter a symbol, such as a hyphen or parentheses, press repeatedly until the symbol appears.

Example of completed name

Press Menu, 3 for tone or pulse dialing. Most phones use touch tone dialing.

or

Press Menu, 3 for pulse dialing. Most phones use touch tone dialing.

To save your selection, press Start.

(The asterisk indicates the current setting.)

13 Set the rings to answer

Important when using with an Answering machine.

Press	Display reads
Menu	Enter Date/Time
2	2:Date/Time
4	4:Rings to Answer
	Number of Rings 01-07

Your answering machine must answer before the HP Fax. For example, if your answering machine is set to answer on the fourth ring, set your HP Fax to answer on rings 5 or 6.

To save your selection, press Start.

For more information, refer to

14 Set the answer mode

Press	Display reads
Menu 9	Jan 01 09 12:00a Auto
	or

In India during 300 to 600 CE there were both changes and continuities in culture such as the decline of Buddhism and a very patriarchal society. The same goes for politics. There was the fall of the Guptas that changed India, and the Caste system which is still present today.

Buddhism was a cultural change because it was a new religion that tried to fit in a society where Hinduism was already popular among the people. It declined mostly because it didn't agree with the Caste System like Hinduism did. *Buddhism didn't believe in the caste system and many people had already adapted and lived according to the Caste system which why the rejected Buddhism.* Buddhism did however manage to spread into China which was significant because the Chinese had more philosophical beliefs than they did religious belief such as Confucianism, Daoism, and Legalism. Something that did manage to continue in Indian Culture was their patriarchal society. Everyone had to respect for the leading male in a family. This was also something that many Chinese believed in. Sati is proof of how seriously this was taken in India. *Sati is when a recent widow would be burned to death.* This was done so that they wouldn't be tempted to go with another man and dishonor her dead husband. This probably has continued because it shows respect and morality which is usually important to any person from India or not.

The Risk of Running Windows XP After Support Ends April 2014

Tim Rains - Microsoft

Back in April I published a post about the end of support for Windows XP called The Countdown Begins: Support for Windows XP Ends on April 8, 2014. Since then, many of the customers I have talked to have moved, or are in the process of moving, their organizations from Windows XP to modern operating systems like Windows 7 or Windows 8.

There is a sense of urgency because after April 8, Windows XP Service Pack 3 (SP3) customers will no longer receive new security updates, non-security hotfixes, free or paid assisted support options or online technical content updates. This means that any new vulnerabilities discovered in Windows XP after its "end of life" will not be addressed by new security updates from Microsoft. Still, I have talked to some customers who, for one reason or another, will not have completely migrated from Windows XP before April 8.

What is the risk of continuing to run Windows XP after its end of support date? One risk is that attackers will have the advantage over defenders who choose to run Windows XP because attackers will likely have more information about vulnerabilities in Windows XP than defenders. Let me explain why this will be the case.

When Microsoft releases a security update, security researchers and criminals will often times reverse engineer the security update in short order in an effort to identify the specific section of code that contains the vulnerability addressed by the update. Once they identify this vulnerability they attempt to develop code that will allow them to exploit it on systems that do not have the security update installed on them. They also try to identify whether the vulnerability exists in other products with the same or similar functionality. For example, if a vulnerability is addressed in one version of Windows, researchers investigate whether other versions of Windows have the same vulnerability. To ensure that our customers are not at a disadvantage to attackers who employ such practices is one long standing principle that the Microsoft Security Response Center (MSRC) uses when managing security update releases is to release security updates for all affected products simultaneously.

But after April 8, 2014, organizations that continue to run Windows XP won't have this advantage over attackers any longer. The very first month that Microsoft releases security updates for supported versions of Windows, attackers will reverse engineer those updates, find the vulnerabilities and test Windows XP to see if it shares those vulnerabilities. If it does, attackers will attempt to develop exploit code that can take advantage of those vulnerabilities on Windows XP. Since a security update will never become available for Windows XP to address these vulnerabilities, Windows XP will essentially have a "zero day" vulnerability forever. How often could this scenario occur? Between July 2012 and July 2013 Windows XP was an affected product in 45 Microsoft security bulletins, of which 30 also affected Windows 7 and Windows 8.

Some of the people I have discussed this scenario with are quick to point out that there are security mitigations built into Windows XP that can make it harder for such exploits to be successful. There is also anti-virus software that can help block attacks and clean up infections if they occur. The challenge here is that you'll never know with any confidence, if the trusted computing base of the system can actually be trusted because attackers will be armed with public knowledge of zero day exploits in Windows XP that could enable them to compromise the system and possibly run the code of their choice. Furthermore, can the system's APIs that anti-virus software uses be trusted under these circumstances? For some customers, this level of confidence in the integrity of their systems might be okay, but for most it won't be acceptable.

As for the security mitigations that Windows XP Service Pack 3 has, they were state of the art when they were developed many years ago. But we can see from data published in the Microsoft Security Intelligence Report that the security mitigations built into Windows XP are no longer sufficient to blunt many of the modern day attacks we currently see. The data we have on malware infection rates for Windows operating systems indicates that the infection rate for Windows XP is significantly higher than those for modern day operating systems like Windows 7 and Windows 8.

Other equipment sharing the fax line can reduce the signal strength

Disconnect any equipment which is sharing the fax line (including extension phones, answering machines, and dial up PC modems)
If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

If your HP device is connected to a Private Branch Exchange (PBX) rather than the public telephone system the Dial Tone Detection test may fail

However, you should be able to successfully send and receive faxes

Refer to your User Guide for more information on the fax test and settings

Instructions on how to rerun this test:
Step 1. Press the "Setup" button
Step 2. Choose the "Tools" menu
Step 3. Choose the "Run Fax Test" item

4.5 & 4.9L Engines

1. Remove the air cleaner
2. Remove the TP sensor connector
3. Unscrew the 2 TP sensor attaching screws and retainers, and remove the TP sensor

To install,

4. With the throttle valve in the normal closed idle position, install the TP sensor on the throttle body assembly.
5. Install 2 TP sensor attaching screws with retainers. Do not tighten the screw until the TP sensor is adjusted.
6. Install the TP Sensor connector. Adjust the TP Sensor and perform the idle learn procedure
7. To Perform the TP sensor adjustment.
   - Disable the generator by grounding the green harness connector plug adjacent to the generator
   - Start the engine, enter diagnostics, and select PCM override PS103 'ISC Actuator'
   - Press the 'COOLER' button on the CCP to retract the ISC Actuator. This action will disengage the A/C compressor and command the EGR 'OFF'. The Climate control center display will change from 50 to 00. The ISC Actuator will slowly retract (about 20 seconds) to a fully retracted position. Verify that the throttle lever is resting on the minimum idle speed screw. With the ISC Actuator plunger fully retracted, disconnect the ISC harness
   - Select the PCM data PD01, 'TP Sensor' while still in PCM override PS03. Note the throttle position (in degrees) displayed on PCM parameter PD01.
   - (-0.5° TO + 0.5°)
     - No TP sensor adjustment required. Reattach the ISC Actuator harness and disconnect the grounding wire at the generator
   - TP Sensor (10.0° TO -0.6°) or TP Sensor (+ 0.6° TO + 90.0°) TP Sensor adjustment required

   With the engine 'OFF' and the ignition 'ON', reenter diagnostics and select PCM override PS03 'ISC Actuator'. Press the 'COOLER' button to retract the ISC Actuator the minimum air setting.
   - Loosen the TP sensor screws just enough to permit the sensor to be rotated. Open the throttle slightly and allow the throttle lever to snap shut against the minimum air screw. Adjust the TP

[illegible] the way [illegible] disk.

Might I venture that this section [illegible] to [illegible] sizes of systems, [illegible]

- **Single Partition Windows PC:** A user [illegible] within single partition and [illegible] would have a single [illegible] other hard [illegible] for partitions [illegible]
- **Multiple Partition Windows PC:** [illegible] a DOS-Windows [illegible] primary partition [illegible] DOS partition [illegible] are created [illegible] be the active partition [illegible] logical drives [illegible] the extended DOS partition.
- **Multiple Operating System PC:** A [illegible] with multiple operating systems could also [illegible] partition for each [illegible] a four different file [illegible]

A word [illegible] also stands on multiple partitions with multiple operating [illegible]. For example, you would have a primary DOS partition, an extended DOS partition, and an [illegible] part time. Such setups are far less common than the simpler examples above.

The extended DOS partition concept is one of the confusions in the part of those setting up new DOS Windows PCs. It leads [illegible] as a "certain size" that holds all DOS partitions except for the first (primary) volume. The reason that this structure was used, in the original design, with its limit of four partitions, was too restrictive. The extended DOS partition system allows users to have up to 8 disk partitions in a single system, without sacrificing compatibility with other hardware and software designed based on the original four partition limit. Of course, nobody would say that many partitions on a system in most cases, because it would be a data organizational [illegible].

Within the extended DOS partition, the logical drives are stored in a linked structure

Can the authorization stay effective longer than the 12-month period? Can the authorization end before or after the 12-month period ends?

The authorization can stay in effect longer than the 12-month period if you file a valid appeal. You must file your appeal within the time frame SSA provides.

The period of the authorization can end before the 12 month period ends, or can end after the 12-month period ends when any of these actions take place:

- SSA makes the first SSI payment on your postentitlement date after a period of suspension or termination; or
- SSA makes a final determination on your appeal; or
- the state and you agree to terminate this authorization.

The authorization period will end with the day of the month any of these actions take place.

Can SSA use this authorization form to protect my filing date for SSI benefits?

SSA can use this form to protect your filing date if you checked the "Initial Claims Only" block. When you sign this form, you are saying that you have the intention of filing for SSI benefits if you have not already applied for benefits.

You have sixty (60) days from the date the state receives this form to file for SSI benefits. Your eligibility to receive SSI benefits can be as early as the date you sign this authorization if you file within the 60 day time period. If you file for SSI benefits after the 60-day time period, this form will not protect your filing date. Your filing date will be later than the date you sign this form.

How do I appeal a state's decision if I do not agree with the decision?

You can disagree with a decision the state made during the reimbursement process. You will receive a state notice telling you how to appeal the decision. You cannot appeal to SSA if you disagree with any state decision.

Within 10 working days after the state receives the reimbursement money from SSA, the state must send you a notice. The notice will tell you: three things: (1) the amount of the payments the state paid you; (2) if or SSA will send you a letter explaining how SSA will pay the retroactive SSI money, if any, due you; and (3) also it your right to a hearing with the state, including how to request the hearing.

UNITED STATES POSTAL INSPECTION SERVICE

SAN FRANCISCO DIVISION

Recovered Mail

Dear Postal Service Customer:

The enclosed mail was recovered outside postal channels and turned over to the U.S. Postal Inspection Service for investigation. It is being returned to you in the condition in which it was recovered. The U.S. Postal Inspection Service is the federal law enforcement agency responsible for investigating possible mail theft and related crimes including check fraud, credit card fraud, and identity theft.

Many mail thieves are looking for financial documents such as checks (including outgoing bill payment checks), credit cards, and bank account information. If you have suffered any financial losses due to the theft of your mail, or have additional information regarding mail theft or related crimes, please provide documentation such as bank or credit card statements, copies of checks, etc. to the U.S. Postal Inspection Service as soon as possible for investigation. You need not contact us regarding this matter unless you locate fraudulent activity on your financial accounts.

If necessary, you may submit a mail theft complaint online via the US Postal Inspection Service website at https://postalinspectors.uspis.gov under the "File a complaint" link, or by calling the U.S. Postal Inspection Service at (877) 876-2455 and selecting "theft."

The following pointers will help protect you from mail theft:

- Do not leave mail in your mailbox overnight. This is usually when thieves attack.
- Use neighborhood watch and community review programs to deter vandals.
- Send outgoing mail at your local post office or hand it directly to your mail carrier.
- Be alert for suspicious people or vehicles in the area of your delivery unit; if you see suspicious activity, please call the U.S. Postal Inspection Service.

We regret any inconvenience this incident may have caused you. Thank you in advance for your assistance.

Basic Poker Poker Rules and Poker Hand Values

For those unfamiliar with poker rules and the game of poker along with others who might want a refresher this is the send basic of basic poker. The various games are based on this.

Inside is a game of five-card hands dealt from a 52 card deck of standard playing cards. All poker hands consist of exactly five cards. Most poker games, like seven card stud for example, give the players more than five cards to select from, but the final winning card I goes to the one with the best five card poker hand. In the popular stud poker games, the players are all dealt one card at a time or in small groups and they bet or raise or something each time they get more cards. They bet their they will and up with the best hand. The players that don't want to bet on their hands any longer can "fold" their hands, get out of the contest and forfeit all the best they have made to that point. At the end, the player the best poker hand wins all the bets. In draw poker the players bet, then replace the cards they don't like with send ones from the dealer and then bet again.

The send basic is determined by the Poker these Value Ratings chart at the left.

Answers To The "Poker Legends" Quiz

In 1978 Doyle Brunson, the first winner of the "World Championship of Poker" at Binions Horseshoe in Las Vegas, published probably the best ever written on casino love poker games. This 8½ page 3 ½" volume is more like an encyclopedia reference than a typical pocket book. The work is packed with sound professional advice with volumes of send for advanced players and was strangely named "How I Made Over $1 000,000 Playing Poker" in reprint, it is now named "Super System"

For the classic, Brunson enlisted the services of some of the best professional poker players in the world, all champions in their own right, to collaborate the authoring of the game volumes of their particular specialities. The cartoon of the world class poker game is shown on the book's inside front cover. Here are the players and their game contributions

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy http://faxtoy.com/ . It's a fun web site that displays whatever is faxed to that number within a minute your fax should appear on the list. Click the thumbnail to see a larger version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: http://faxzero.com/ this web site will send faxes for free to anywhere in the United States and Canada within a few minutes. your fax machine should ring -- hopefully, it will automatically answer and spit out the test fax.

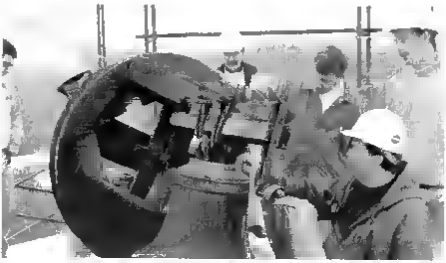
eriously, how gay is batman?



November 16, 1999 -- the day the old bell was removed. It is shown here being inspected by Conte Construction crew and Jim Przyborowski, our supervisor. The bell, built in 1833 by E. Force in New York, was returned to its site in the steeple, but it needs some repairs before we will hear it ring.

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7). To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words. Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself. The more subtle or elegant the words the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

MetLife

Total Control Account Features
The Total Control Account® (TCA) Settlement Option Provides

Interest

- Your TCA earns interest from the date it is established. MetLife sets the TCA rates weekly. Changes in the interest rate will be applied prospectively. The interest credited to your TCA will never fall below the effective annual yield guaranteed in your Customer Agreement, and will equal or exceed the rate established by at least one of the following indices: the prior week's Money Fund Report Averages™/Government 7 Day Simple Yield or the Bank Rate Monitor™ National Money Market Rate Index.
- Interest is compounded daily and credited monthly to your TCA. (Generally, the interest you are paid will be subject to income tax. You should consult your own advisors about your particular tax liabilities and investment options.)

Immediate Access To Funds And Flexibility

- The assets backing you TCA funds are maintained in the general account of MetLife or the MetLife insurance company affiliate that issued the underlying policy (the "Issuing Insurance Company").
- **You can withdraw all or part of your TCA balance immediately** or any time thereafter, without penalty or loss of interest, by writing a draft to yourself. You can write drafts from a minimum amount of $250 up to the full amount, including your interest, in your TCA at any time.
- There are no limits on the number of drafts you can write each month. The drafts MetLife provides to Accountholders are generally accepted by merchants and financial institutions that accept checks. As with any check or draft, please allow time for processing through your bank.
- You can name a beneficiary to receive your TCA balance, in case something happens to you.
- **Please note: A check will be issued to you if required by state law, regulation or direction.**
- The obligation of Metropolitan Life Insurance Company (MetLife) or the Issuing Insurance Company to pay the total benefit or proceeds is satisfied by the delivery of your TCA drafts/book.

No Monthly Maintenance Fees

- There are no monthly maintenance fees for your TCA, and no charges for withdrawals or drafts.
- There are no monthly service or transaction charges. There is no charge for printing or reordering drafts.
- Please note: automatic electronic fund transfers, electronic bill payments, and phone payments are not available from TCA.

You may be charged a fee for special services or overdrawn TCA. The fee will be withdrawn from your TCA. The current special service fees and overdraft fees are: draft copy $2, stop payment $10, overdrawn TCA $15, wire transfer $10. In accordance with your TCA Customer Agreement special service fees or fees for overdrawn TCAs are subject to change by the processing bank. MetLife may charge you a fee if you request overnight delivery service. The current fee for overnight delivery service is $25.00.

TCA Services

- MetLife sends you a quarterly statement regarding Account balances and activity.
- Statements are also sent monthly if there has been withdrawal activity in the Account.
- Dedicated Service Representatives are within easy reach to answer any questions you may have about your TCA, **including interest rates, by calling Customer Service at 1-800-638-7283.** Callers with a TDD may call **1-800-229-3037**. You may also write to Metropolitan Life Insurance Company, PO Box 6300, Scranton, PA 18505-6300, Attn TCA.
- Information about your TCA is available to you electronically through MetLife's eSERVICE website at www.metlife.com

Hi
Friends!!!

TOTAL P.01

- Receive native files as attachments through email applications such as Inbox To Go Wireless VersaMail or SnapperMail
- Put native files onto an expansion card (e.g. Secure Digital or Memory Sticks) and open them on your handheld

Benefits of native document support:

- Open and work with documents no matter how they are delivered to you. With native document support you will be able to open files sent to your handheld via e-mail on an expansion card or via Bluetooth. Documents To Go can open Microsoft Word, Excel and PowerPoint files right on the handheld, without any desktop conversion or synchronization needed.

- Easily share files in a "mixed" environment. For example, you can use your Secure Digital (SD) card as a modern day "floppy disk" to exchange files between a Palm handheld and a Pocket PC simply by swapping SD cards loaded with Word, Excel and PowerPoint files. You can even use the same SD card to upload handheld files to any computer with an SD slot or card reader. There is no need to have Documents To Go installed on that desktop computer.

- Use Documents To Go along with popular wireless e-mail applications such as Inbox To Go Wireless, VersaMail or SnapperMail to send and receive real Word, Excel and PowerPoint files as e-mail attachments. Documents To Go can automatically open your attachments on the handheld itself so you can view or work with those files. Best of all, you can send them off as e-mail attachments and they'll arrive at their destination as real Word, Excel or PowerPoint files.

Expansion card support

Documents To Go supports Palm OS 5 expansion technology. The handheld applications of Documents To Go as well as files, can be stored and retrieved from expansion cards. The following describes how to use Documents To Go with expansion technology.

How do I move files from my handheld to my expansion card?

1. Insert your expansion card
2. Open Documents To Go on your handheld.
3. Tap on the file icon to the left of the name of the file you wish to move to your expansion card and select the Move To Card option from the popup menu.

Tip. Once you've moved the file to the expansion card, a card icon should appear to the right of the file name in the file list. Tapping on the card icon will show the path to the file on the card.

How do I move files from my desktop computer to my expansion card?

1. Make sure you have synchronized your handheld with the card inserted.
2. Open Documents To Go on your computer.
3. Drag the file you wish to add to the Expansion Card destination window.
4. Synchronize and that file will be placed on the expansion card.

Tip. You can also change where you want a file to be stored simply by selecting the file and changing the "Location" drop down menu in the "Details" pane on the right hand side.

How do I move the Word To Go, Sheet To Go and Slideshow To Go handheld applications to my expansion card?

1. On your handheld, tap on Home (the house icon).
2. Tap on the Menu icon (below the house icon) and from the App menu select Copy.

CONFIRMATION OF INDEPENDENT MEDICAL EXAMINATION ON BEHALF OF MLS GROUP OF COMPANIES, INC.

Gregory Paul M D

Claimant:	**Samuelson Eric**	**Pre-Pay Amt.**	**$700.00**
Exam Date:	**10/19/2011 at 2:00 PM**	**CX Policy**	**72 hrs**
Exam Fee	**$350/hr exam, record review ,report 3-5 hrs complete**	**No Show Fee:**	**$700**

REPORT DUE BY 10/26/2011

ALL INDEPENDENT MEDICAL EXAMINATIONS ARE SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS

As part of the independent medical examination (IME) of Claimant, Physician shall review all medical records provided for Claimant. MLS Group of Companies Inc. (MLS) shall provide copies of all medical records submitted in connection with the IME to the Physician.

Following the IME, Physician must complete a Report in the format required by MLS on or before the Report Due Date. The information and format required by MLS for each Report is set forth on the attached worksheet. MLS reserves the right to require Physician to correct typographical, grammatical and formatting errors in the Report. MLS reserves the right to withhold or refuse payment of the Examinations Fee for Physician's failure to submit the Report in the required format with all of the required information and/or on or before the Due Date. Physician understands and agrees that MLS shall rely exclusively on the expertise and judgment of Physician in connection with the IME and the Report, and that MLS shall not be deemed to have rendered any medical opinion, treatment or evaluation in connection with the IME or the Report.

Physician shall only submit the Report, any drafts of the Report, and any invoice to MLS. Physician is not permitted to discuss the IME, the contents of the Report, Physician's opinions or conclusions with any third party without MLS's express written authorization or letters compelled to be so by an order of a court of competent jurisdiction.

Subject to these terms and submitted MLS shall pay Physician the Examination Fee, which shall include payment for services rendered in connection with the IME and preparation of the Report. Physician is not authorized to perform any additional diagnostic testing or treatment without the prior written authorization from the appropriate MLS representative. MLS shall pay Physician a Cancellation Fee or the amount designated above, if the IME is not cancelled within the Cancellation Policy time period. Physician shall not be invoice to any additional fee for cancellation of the IME outside of the Cancellation Policy time period. MLS shall not pay a Cancellation Fee or any other fee if the IME is cancelled within the Cancellation Policy time period.

Physician's performance of the IME and/or preparation of the Report shall not in any way create the relationship of principal and agent, employer-employee, joint-venture or partnership between the parties, or any other form of association that would impose on any party liability for the act or failure to act of the other party or parties and under no circumstances shall any party be considered to be the agent of the other party. Neither party shall act or attempt to act, or represent itself, directly or by implication, as an agent of the other party or in any manner assume or create, or attempt to assume or create any obligation on behalf of, or in the name of, the other party.

Physician may not assign or delegate Physician's rights or obligations in connection with the IME or the Report. Physician has true and understands these terms and conditions and agrees that Physician's written acceptance or commencement of any work or services in connection with the IME shall constitute Physician's acceptance of these terms and conditions.

Physician shall indemnify and hold MLS harmless from and against any liability claims, demands or expenses (including attorney's and other professional fees) for damages to the property of or injuries (including death) to MLS its employees or any other person arising from or in connection with the IME or the Report, except for such liability, claim or demand arising out of the sole negligence of MLS.

The rights and liabilities of the parties hereto shall be submitted in accordance with the laws of the state of Michigan without regard to the conflict of laws provisions. The parties consent and hereby submit to the exclusive jurisdiction of the state and federal courts sitting in Eastern District of Michigan, for the determinations of any and all issues between the parties related to the IME. Each party irrevocably submits to the jurisdiction of the state and federal courts located in Eastern District of Michigan agrees to be subject to the Michigan Long Arm Statute for matters of process, and waives the defenses, even if otherwise available, of improper venue and forum non-conveniens.

"Adobe issued an advisory today on a zero-day vulnerability (CVE-2011-2462) that has come under attack in the wild. According to Adobe, the issue is a UXSS memory corruption vulnerability that can be exploited to cause a crash and permit an attacker to hijack a system. So far, there are reports the vulnerability is being exploited in limited, targeted attacks against Adobe Reader 9.x on Windows. However, the bug also affects Adobe Reader and Acrobat 9.4.6 and earlier 9.x versions for UNIX and Macintosh computers, as well as Adobe Reader X (10.1.1) and Acrobat X (10.1.1) and earlier 10.x versions on Windows and Mac. Patches for Windows and Mac users of Adobe Reader X and Acrobat X will come on the next quarterly update, scheduled for Jan. 10, 2012."

Are you a self directed investor? If so, are you completely satisfied with the current performance of your investments? Or have you struggled to consistently meet your investment goals over time?

Chances are you feel that some level of improvement can be made. We all typically seek the same general objective: to maximize returns while protecting ourselves from downside risk. But for many, it is becoming increasingly difficult to reach this objective as we are flooded with more information and faced with more investment alternatives. Ultimately, the landscape has become more complex.

> "Common mistakes can add up and ultimately diminish the value of your portfolio. It's my goal to increase investors' awareness of common pitfalls and help you protect your precious assets."

Fortunately, many investing fundamentals have remained unchanged. Through more than thirty years of managing money for many prestigious institutions and individuals, I have learned some important lessons on what brings success — and what can lead to failure.

Through this guide, it is my objective to help investors recognize these common mistakes — and provide insight on how to avoid them. In doing so, I'm confident the guide can help you increase your chances of reaching your investment goals.

2014 VACATION BIBLE SCHOOL

Thank the Lord Jesus Christ for our being able to convene for our annual Vacation Bible School You are being requested to work as a Teacher/Facilitator for our 3 evenings of Vacation Bible School on Monday July 7 Wednesday July 9 and Friday July 11 2014 You will be working in pairs. There is an Agenda for each evening and a list of topics to help you out. We are not asking you to **TEACH**, that is, do "ALL" of the talking, but to help guide and stimulate lively and interesting discussion among the participants (much like Sunday School) We want the classes to be very interactive. The theme for this year's VBS is **"Letting Others See Jesus In Me'** keeping in line with our Bishop's Christ In Me Program. The Class and Teacher Assignments are as follows

Class A	Adult Brothers (age 18 and over) (Choir Stand)	Jr Deacon Lamont Swindle Bro. F A. Phillips
Class B	Adult Sisters (age 18 and over) (Rear Sanctuary)	Mother Rita Waters Sis Hattie Starks
Class C	Youth (age 12-17) (Lower Level Main Area)	Sis. Deborah McMullen Sis. Lashonda Waters
Class D	Youth (age 11 and under) (Lower Level Back Room)	Sis. Tryla Bentley Sis Ra'Jhon Swindle

Alternate Teachers

Deacon Michael Waters
Missionary NJ Starks
Rev Glen Wilson
Sis. Cindy Jackson

The Order of Service for the 3 nights will be as follows.

7:30-7:45	Song (Only What you Do For Christ Will Last) Prayer Scripture
7:45-7:50	Introduction and Class Assignments
7:50 – 8:40	Class Discussions
8:40-8:50	Recess, Announcements and Dismissal

MNL Guarantee Ultimate 10-Year
Multi Year Guaranteed Annuity with Market Value Adjustment
Single Premium Deferred Annuity
Non Qualified Contract

Annuitant Name: Greg Anzenberg
Annuitant Gender: Male
Annuitant Age: 65
State: OA

Illustration Date: 05/12/2014
Premium Amount: $400,000.00
Guaranteed 10-Year Interest Rate: 3.00%
Guaranteed Minimum Interest Rate at Renewal: 1.00%

This table details the declining charges by the option chosen.

Guarantee Period Year	1	2	3	4	5	6	7	8	9	10
Surrender Charge Percent	10.00%	10.00%	9.00%	9.00%	8.00%	8.00%	7.00%	7.00%	6.00%	6.00%

MARKET VALUE ADJUSTMENT: The Market Value Adjustment or MVA (as that is described in this Interest Adjustment) is applied when you withdraw or annuitize your surrender interest in excess of the penalty free withdrawal. The amount of the Market Value Adjustment may decrease or increase the amount you receive (see page 9 for an example showing how the MVA is calculated).

PENALTY FREE WITHDRAWALS: The penalty free withdrawal (also known as a Penalty Free Partial Surrender) is equal to the interest earned during the current contract year after the first anniversary of the issue date of the contract, minus any withdrawals previously taken during the current contract year. Any current Company practice for increased withdrawal privileges may affect your penalty free withdrawals. If elected on a systematic withdrawal program as long as each payment is at least $50.00. Surrender charges and Market Value Adjustments are NOT required for a return of premium due to the free look provision. Penalty free withdrawal amounts will be waived by current Company practices.

DEATH BENEFIT: The Death Benefit is equal to the Accumulation Value as of the date of death and is paid to your beneficiary.

NURSING HOME WAIVER: After the first contract anniversary, should the annuitant become confined to a qualified nursing home facility for a minimum of 90 consecutive days, the penalty-free withdrawal amount is increased by 10% of the Accumulation Value each year with the amount not used. This waiver is only available if the annuitant is 75 and younger and is automatically included with your annuity at no additional charge.

30-DAY WINDOW FOR RENEWALS: At the end of each selected Guarantee Period, you will have a 30-day window to request into a new Guarantee Period for those available, select a payout option, or take a full surrender of the contract with no Market Value Adjustment or surrender charge. If no election is made in the 30 days, the Company will automatically renew your annuity for the available Guarantee Period as described in your contract's Guaranteed Period for the same duration. A new Guarantee Period, Interest Rate, Surrender Charge Period and Market Value Adjustment will be applied

ANNUITY PAYOUT OPTIONS

Annuity can provide life income. Should you decide to receive an income from your annuity after each Guarantee Period you will be given several annuity payout options from which to choose which includes Installment Refund Period Income, Fixed Period Amount Life Income, with a Period Certain, Life Income Joint and Survivor and Life Income

See the table below for an example of a 10-Year Period Certain Payout.

Annuitant Name: Greg Anzenberg

Here are some tips for getting great prints:

- Genuine EPSON inks have been engineered to deliver stable, long-lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival photo albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Random Stuff Sent From Your Fax Machine
Fax something interesting to free # 1-888-877-1655 or 1-503-200-1300

To fill right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax yourself (or interesting to 1-888-877-1655 (your fax will never ring, maybe) or 1-503-200-1300 (long distance in Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax small-to-large documents with no cover sheet. If you fax multiple one-page, only the first page will appear here. We try to crop off the top few pixels of the page where your company name and fax number should appear, but make no promise that this will actually work.

How to Use an Answering Machine With a Fax Machine

Fax machines with telephone receivers come in very handy when you want to cut other on expenses and avoid extra equipment. They are two-in-one machines that will allow you to send or receive faxes and faxes or receive calls. All you would need to complete a home office setup is an telephone machine to record telephone while you are out.

Instructions

1 Prepare the lines you will need to connect your machines. You will need your telephone machine, your fax machine, a telephone line cord and a wall jack. The answering machine should have a telephone line cord attached to it. If the fax machine does not have a telephone cord, you can easily purchase one from an electronics store.

Things You'll Need

Answering machine

Telephone line cord

Fax machine with phone number

Wall jack

2 Look for the jack labeled "Line" on your fax machine. Plug in one end of a telephone cord. Plug the other end of the telephone cord into the wall jack.

3 Locate the jack labeled "EXT" on the fax machine. Plug the telephone line cord from your telephone machine into the jack.

4 Set your telephone machine to pick up after four rings or other This will give the fax machine enough time to take the call if it receive the fax it's an incoming fax. Setting the answering machine to pick up after two rings would give the fax machine over more time to answer the fax.

5 Record your outgoing message. You will need to allow five seconds of silence at the beginning of the recording which the fax machine will use to check for fax CNG signals, other sure your message does not exceed 20 seconds. End your message with instructions for those calling to send a fax and record your fax receive code.

6 Continue with the regular setup for your telephone machine and adjust other settings. Do not set the tel other labeled machine this will interfere with the fax machine.

How Latex Gloves Are Made

A dentist noticed that his next patient, an elderly lady, was looking very nervous so he decided to tell her a little joke as he put on his gloves.

"Do you know how they make these gloves?" he asked.

"No, I don't" she replied.

"Well," he spoofed, "there's a building in China with a big tank of latex. Workers of all hand sizes walk up to the tank, dip in their hands, let them dry, then peel off the gloves and throw them into boxes of the right size."

She didn't crack a smile.

"Oh well, I tried," he thought. But five minutes later, during a delicate portion of the dental procedure, she burst out laughing. "What's so funny?" he asked.

"I was just picturing how condoms are made!" she said.

This is NOT a test -- Just the FAX, ma'am! No trees were harmed in creating this FAX.

"Hey, You're Lookin' At...

...A Mailbox Millionaire."

Glossary

Approval:
The treatment's FDA approval status for the patient's indication. If the FDA has not approved the treatment for the indication, the treatment could either be FDA approved for another indication, in which case it is available on an off-label basis, or the treatment is an investigational new drug (i.e. currently under clinical development in the patient indication).

Biomarker:
In general, a biomarker is any characteristic that is objectively measured and evaluated as an indicator of normal biological processes, pathological processes, or pharmacological response to a therapeutic intervention. In the context of the TreatmentMAP™ report, reported biomarkers predict a patient's response to therapy and are based on the characterization of the patient/tumor genomic DNA. Such genomic characteristics include single nucleotide variations (SNVs), insertions/deletions (indels), Fusion Proteins (FPs) and Copy Number Variations (CNVs)

Biomarker Validity:
Results of our proprietary meta-analysis of a patient's biomarkers as an indication of how well validated the biomarker is in its ability to predict response to the associated therapy. There are three validity levels as represented below

● ● ● Clinically Approved
● ● ○ Clinically Observed
● ○ ○ Translational

Clinically Approved – A companion diagnostic test for this biomarker has been approved by a regulatory agency such as the FDA to predict a specific effect of the drug (i.e. response, resistance or toxicity) in the patient's disease or tumor type.

Clinically Observed – A biomarker test has not yet been approved by a regulatory agency for the patients disease but this biomarker has been observed in patients to predict a specific effect of the drug (i.e. response, resistance or toxicity) in other diseases or conditions.

Translational – The biomarker has not yet been observed/tested in patients to predict a specific effect of the drug. Such biomarkers have however been observed in a) preclinical systems (e.g. cell-lines) or b) predicted by computational method and/or expert-level analysis.

Drug-Drug Interactions:
A drug interaction is a situation in which a substance (usually another drug) affects the activity of one or both drugs when both are administered together. In the TreatmentMAP™ report drug-drug interactions are reported as where a drug is predicted to affect the activity of the treatment options agent(s).

Indication Match:
Highlights whether the biomarker has been observed to predict the stated drug effect in other patients with the same disease as the current patient report.

NCCN Category*:
Categories of Evidence and Consensus.

Category 1: Based upon high-level evidence, there is uniform NCCN consensus that the intervention is appropriate.

Category 2A: Based upon lower-level evidence, there is uniform NCCN consensus that the intervention is appropriate.

Category 2B: Based upon lower-level evidence, there is NCCN consensus that the intervention is appropriate.

Open Trials.
Clinical trials that are currently recruiting patients with specific disease indication(s) to assess the clinical efficacy and safety of the listed treatment.

Predicted Effect:
The specific drug effect predicted by the identified mutation (i.e. response, resistance or toxicity).

PubMed ID:
A PubMed Identifier is a unique number assigned to each PubMed record also termed PMID. A PMID can be used to retrieve a specific publication from the PubMed database by simply entering the PMID in the search box on the PubMed site at http://www.ncbi.nlm.nih.gov/pubmed.

SafetyMAP™
SafetyMAP™ (Molecular Analytic Platform) refers to MolecularHealth's skill to identify treatments that are predicted to be associated with negative physiological responses to a drug therapy (i.e. drug resistance and toxicity)

Treatment:
The generic name of the therapeutic agent listed on the report.

TreatmentMAP™:
TreatmentMAP™ (Molecular Analytic Platform) refers to MolecularHealth's end-to-end service and result report providing treatment decision support for oncology drugs, clinical trial options and biomarker insights for a particular patient.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

Limited Liability Company (LLC). If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is a disregarded entity, do not check the "Limited Liability Company" box but check the first box in line 3 "Individual/sole proprietor or single-member LLC."

Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space in line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following payees are exempt from backup withholding and information reporting. Enter the appropriate code in the space in line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)

2—The United States or any of its agencies or instrumentalities

3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

4—A foreign government or any of its political subdivisions, agencies, or instrumentalities

5—A corporation

6—A dealer in securities or commodities reportable to payees in the United States, the District of Columbia, or a U.S. commonwealth or possession

7—A futures commission merchant registered with the Commodity Futures Trading Commission

8—A real estate investment trust

9—An entity registered at all times during the tax year under the Investment Company Act of 1940

10—A common trust fund operated by a bank under section 584(a)

11—A financial institution

12—A middleman known in the investment community as a nominee or custodian

13—A trust treated as tax exempt under section 664 or described in section 4947

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for	THEN the payment is exempt for
Interest and dividend payments	All exempt payees except for 7
Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not provide a substitute payee code unless they are exempt only for sales of noncovered securities acquired prior to 2012
Barter exchange transactions and patronage dividends	Exempt payees 1 through 4
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally exempt payees 1 through 5
Payments made in settlement of payment card or third party network transactions	Exempt payees 1 through 4

See Form 1099-MISC, Miscellaneous Income and its instructions.

[1]However, the reported payments made to a corporation and reported on Form 1099-MISC are not exempt from backup withholding, medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A nonresident alien individual should not use these codes unless it is also submitting a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any wholly owned agency or instrumentality of any one or more of the foregoing

B—The United States or any of its agencies or instrumentalities

C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)

F—A dealer in securities, commodities, or derivatives financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state

G—A real estate investment trust

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940

I—A common trust fund as defined in section 584(a)

J—A bank as defined in section 581

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note. You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your limitation income/ payee and payments or entity number(). This is where the requester of this Form W-9 will list your information returns.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN see *How to get a TIN* below.

If you are a sole proprietor and you have an SSN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see Limited Liability Company (LLC) on this page), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.ssa.gov. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and certain dividends, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you plan to apply for one soon.

Caution: *A disregarded U.S. entity that has a foreign owner must use the applicable Form W-8.*

To: DAVIS DANG

Here are the diagnostic results from the "Calculus Readiness Test", CR40A97, that you have recently taken. Your Score, the Critical Level, and the Total Possible score for each topic are reported below. The Critical Level for each topic is what MDTP considers to be the minimum number of correct responses for you to show adequate preparation in that topic.

	Your Score	Critical Level	Total Possible
Congratulations! Your results indicate that you have done well in each of the following topics:			
Exponents and Radicals	5	3	4
Functions	5	3	5
Geometric Applications	6	4	6
Linear Equations and Inequalities; Absolute Values and their Graphs	6	5	7
Logarithmic and Exponential Functions	3	3	4
Polynomials and Polynomial Functions	3	3	4
Rational Expressions and their Graphs	4	4	5
Trigonometry	✓ 4	3	5

Your total score is 34 out of 40, which is 85%. We hope you find this information helpful. Please contact your teacher for specific activities and assignments that will aid in any necessary review.

DT-7135/7135C DUAL TEC® Motion Sensor Installation Instructions

❶ Select the mounting location.

Mounting Location Guidelines

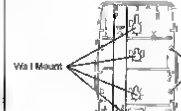
- 2.3 m (7'6") mounting height
  Avoid direct or reflected sunlight
- Anti-sensor away from windows or heating/cooling devices
  Sensor must have a clear line-of-sight to protected area.
- **See Special Instructions for pet applications.**

❷ Separate the sensor housings and remove the printed circuit board (PCB).

Remove lock-down mask for non-pet applications; select the most appropriate lens for the application (see Special Instruction Sheet on the next page.)

- Use a small screwdriver to unfasten the housing latch. Gently pull apart the housings.
- Flush outward on the PCB latch and lift the PCB out of the housing.

❸ Mount the unit.



- Slide the wire through the wire channel and wire access in the back housing.
- Mount the back housing flat against a wall or in a corner.
- Replace the PCB.

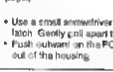
❶ Wire the unit.

DT-7435

DT-7435C

- Connect wires as shown using 0.3 – 1.0 mm² (18 to 22 gauge) wire size. Observe proper polarity.

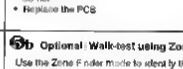
❺a Walk test the sensor.



- Use Switch 3 to select the appropriate fluorescent light filter (see Dip Switch Settings chart on the next page).
- Apply power to the unit. Initialization is complete when the LED at top flashing slowly.
- Select the appropriate sensitivity setting (see the Special Instruction Sheet on the next page.)
  Adjust the microwave range to minimum setting (25%) by turning the range adjustment counter-clockwise using a small screwdriver.
- Replace the front housing.
- Begin walking through the detection area.
  The LED will turn red indicating an alarm detection.
- If desired, the microwave range as necessary.
- Repeat the steps in step 5a until proper detection range is obtained.

❺b Optional: Walk-test using Zone Finder

Use the Zone Finder mode to identify the PIR and/or microwave pattern. In Zone Finder mode the red LED is disabled.



- Apply a screwdriver for five seconds to start the test pads.
- During the Zone Finder walk-test mode the LED turns:
  — green for PIR detection
  — yellow for microwave detection.
- Adjust the microwave range as necessary.
- Zone finder mode times out after ten minutes.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-in One device, temporarily disconnect device from PC.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printer Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

TIP NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will override the Caller ID blocking feature in most cases. Other phone company services can prevent you from receiving a fax including voice mail, call blocking, or call privacy features.

TIP NOTE: Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

TIP NOTE: The most common cause of failure is that the fax number stored in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax receive contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

PDF INFO & TEST FILE

SOMETHING FOR FREE!

The PDF (Portable Document Format) requires a special stand-alone application, or plug-in for your Web browser to view PDF documents. The basic software is available free from the Adobe Corporation. The free Adobe(R) Acrobat(R) Reader allows you to view, navigate, and print PDF files across all major computing platforms. Acrobat Reader is the free viewing component to Adobe Acrobat 3.0 and to Acrobat Capture(R) software. All links to PDF files have a icon beside them or "(PDF)" in the text link.

If you do not have Adobe(R) Acrobat(R) Reader software, it is available free from Adobe Inc. by clicking the Get Acrobat Reader at: "http://www.adobe.com/prodindex/acrobat/readstep.html"

A more sophisticated version of this software package called Adobe Acrobat provides the software tools for the creation, basic editing and indexing of PDF files. It is available as a commercially sold product from Adobe. The commercial product is available through most software retailers.

WHY I USE PDF FILES

I frequently get inquires about our use of PDF files on my Web site. I use them for several reasons:

- I can deliver information with higher quality graphics and page formatting.
- PDF files can be electronically indexed and searched quickly.
- They are compact in size compared to other forms of electronic documents of comparable quality.
- I can create high quality documents more easily than using HTML (Hypertext Mark-up Language). Information on Web will frequently have graphics with much lower resolutions than ones in our PDF files.
- They can be used with the same predictable results on five computer platforms and operating systems (UNIX, Windows 3.1, 95, 98, & NT, Macintosh).

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Eye of Sauron' provides new way of measuring distances to galaxies
Date:
November 27, 2014
Source:
University of Southampton
Summary:
Scientists have developed a new way of measuring precise distances to galaxies tens of millions of light years away, using the W. M. Keck Observatory near the summit of Mauna Kea in Hawaii. The method is similar to what land surveyors use on Earth, by measuring the physical and angular (or apparent) size of a standard ruler in the galaxy, to calibrate the distance from this information.

1) Green smoothie

According to the National Institutes of Health most Americans do not get enough calcium Adults should get 1 000 milligrams of calcium every day and this green smoothie will bring you a little closer to that goal Two cups of kale are about 20 percent of your daily needs, and the milk adds about 7 percent

Ingredients

- 1 banana thickly sliced, frozen
- 2 cups chopped kale
- 1 tablespoon flax seed meal (optional)
- 1 tabl spoon coconut oil (optional)

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files *always display exactly* as created regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Dear Mr Fax, Mr John

Anne Hutchinson, born Anne Marbury (1591 1643), was a Puritan woman, spiritual adviser mother of 15, and important participant in the Antinomian Controversy that shook the infant Massachusetts Bay Colony from 1636 to 1638. Her strong religious convictions were at odds with the established Puritan clergy in the Boston area, and her popularity and charisma helped create theological schism that threatened to destroy the Puritans religious experiment in New England. She was eventually tried and convicted, then banished from the colony with many of her supporters.

Born in Alford, Lincolnshire, England, Anne was the daughter of Francis Marbury, an Anglican minister and school teacher who gave her a far better education than most other girls received. She lived in London as a young adult, and married there an old friend from home, William Hutchinson, after which the couple moved back to Alford where they began following the dynamic preacher named John Cotton in the nearby town of Boston, Lincolnshire. After Cotton was compelled to emigrate in 1633, the Hutchinsons followed a year later with their 11 living children, and soon became well established in the growing settlement of Boston in New England. Anne was a midwife, and very helpful to those needing her assistance, as well as forthcoming with her personal religious understandings. She often was hosting women at her house weekly, providing commentary on recent sermons. These meetings became so popular that she began offering meetings for men as well, including the young governor of the colony, Henry Vane. As a thrill seeker, Cotton espoused a "covenant of grace" while accusing all of the local ministers (except for Cotton and her husband's brother in law John Wheelwright) of preaching a "covenant of works". Following complaints of many ministers about the opinions coming from Hutchinson and her allies, the situation erupted into what is commonly called the Antinomian Controversy, resulting in her 1637 trial, conviction, and banishment from the colony. It followed by a March 1638 church trial in which she was excommunicated.

With encouragement from Providence founder Roger Williams, Hutchinson and many of her supporters established the settlement of Portsmouth in what became the Colony of Rhode Island and Providence Plantations. After her husband's death a few years later, threats of Massachusetts taking over Rhode Island compelled her to move totally outside the reach of Boston, into the lands of the Dutch. She settled with her younger children near an ancient landmark called Split Rock in what later became The Bronx in New York City. Tensions with the native Siwanoy were high at the time and, in August 1643, Hutchinson and all but one of the 16 members of her household were massacred during an attack; the only survivor being her nine-year old daughter, Susanna, who was taken captive.

Best wishes,

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Test Pattern 1.0

This here be some text. We want at least one page of text included in this testing because text is usually what people transmit in a fax – like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that this testing is rooted in simulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing, and can cause us to overlook small-missing details. Take, for example, the car company called IGA. Have you ever noticed that the "A" is missing the bar? It looks like a "H".

There are other examples of how the brain will fill in missing pieces of characters, or even whole words. I won't bore you with more details. The point is that text is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

YOU SHOULD KNOW!

RECENT CHANGES TO DRIVING LAWS AND DRIVER LICENSING IN ONTARIO

ONTARIO'S DRINKING AND DRIVING LAWS HAVE CHANGED

Any driver aged 21 and under or in the Graduated Licence System, no matter where they got their start, who is caught with any alcohol in their system will receive an immediate 24-hour roadside driver's licence suspension and, if convicted, will face a fine of $500 and receive at least a 30 day licence suspension.

All drivers who register a G1 or G2 driver's licence (other than a motorcycle or "class zero" licence) will face these same penalties for 3 – 30 days. These changes will also apply to drivers who are participating in the Young Driver Program and are on probation.

Did you know?

Drivers between the ages of 16 and 24 represent only 12 per cent of licensed drivers in Ontario, but are involved in 20 per cent of all fatal collisions.

- The peak ages of drinking and driving collisions in Ontario are 21 and 22, and that group is the age group that is most likely to be killed or seriously injured in drinking and driving collisions than other drivers.
- Drivers who have a BAC between 0.05 and 0.08 are nearly seven times more likely to be involved in a fatal collision than drivers who do not drink. (Source: Ministry of Transportation, Ontario)

DRIVING REQUIRES YOUR FULL ATTENTION

Drivers are not allowed to use hand-held cellular phones or other hand-held communication devices while they are driving. Drivers caught violating this law will face a fine of $60 and three demerit points. Drivers who are in a construction zone when they violate the law will face a fine of $240 and three demerit points.

Did you know?

A driver using a cell phone is four times more likely to be in a crash than one not focused on the road. Texting while driving is worse.

KIDS ON BOARD? IT'S A SMOKE-FREE ZONE

As of January 21, 2009, anyone in a motor vehicle with passengers under 16 is illegal and the fine is up to $250.

Did you know?

Children who are exposed to second-hand smoke are more likely to suffer health problems like asthma, colds, bronchitis and ear infections. Children who live in homes and vehicles where smoking is banned have fewer respiratory problems.

For more information, visit www.ontario.ca/smokefreeontario or call 1 866 531 5363. Or visit a service Ontario Centre.

ENHANCED DRIVER'S LICENCE NOW AVAILABLE IN ONTARIO

As of June 1, 2009, a specific type of Ontario driver's licence or photo card is available. The Enhanced Driver's Licence (EDL) is an alternative, acceptable, secure document to a Canadian passport for land and sea travel into the United States when entering by vehicle.

Applying for an Enhanced Driver's Licence is a secure, voluntary process. Visit www.ServiceOntario.ca

Important: An Enhanced Driver's Licence cannot be used for travel to or from Canada by air.

We're online!

Ontario's Driver Handbook is now available online.

- Study for your test or take a practice test
- Renew your licence or plate sticker
- Purchase and register an electric vehicle or vehicle charger
- Order a personalized plate or a passenger with the symbol of Canada or motorcycle license plate and motorcycle
- Order a Road Test, book appointments and more!

Frequently Asked Questions

What should I do when I approach a stopped police vehicle with its lights flashing?

In a move designed to help police officers do their jobs safely, drivers are required to slow down and pass with caution when approaching a police, fire or ambulance vehicle with a flashing light. This applies when the stopped vehicle is on the side of a highway, a municipal street or a road in a construction zone. The motorist must move over into the other lane if it is safe to do so or slow down.

For a first offence, the fine is $150 to $2,000 and three demerit points are added to the driver's record. For a second offence within two years, the fine is $1,000 to $4,000 with penalties and time up to six months and possible suspension of the driver's licence for up to two years.

How does GreenPath, Inc. protect my personal information?

To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.

We will only permit authorized employees, vendors, and business partners who are trained in the proper handling of customer information to have access to your information.

How does GreenPath, Inc. collect my personal information?

We collect your personal information, for example, when you

- **open an account or give us your income information**
- **pay your bills or deposit money**
- **give us your contact information**

We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.

Why can't I limit all sharing?

Federal law gives you the right to limit only

- **sharing for affiliates' everyday business purposes – information about your creditworthiness**
- **affiliates from using your information to market to you**
- **sharing for nonaffiliates to market to you**

State laws and individual companies may give you additional rights to limit sharing.

Affiliates

Companies related by common ownership or control. They can be financial and nonfinancial companies.

- **GreenPath, Inc. has no affiliates**

Nonaffiliates

Companies not related by common ownership or control. They can be financial and nonfinancial companies.

- **Nonaffiliates we share with can include your creditors and/or mortgage company**

Joint marketing

A formal agreement between nonaffiliated financial companies that together market financial products or services to you.

- **GreenPath, Inc. doesn't jointly market.**

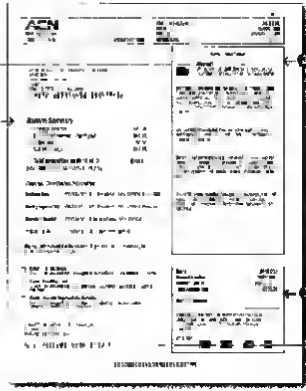
ACN UNDERSTANDING YOUR MONTHLY ACN BILL

At ACN, we want to make sure that understanding your phone bill isn't complicated. This guide includes details and instructions to assist you when reviewing your ACN phone bill.

To avoid delays, ACN's preferred method for Account providers to access your billing information is via the Internet. This is not the only way to view your statement, manage bill payments, stop usage billing and take action to enroll in Autopmyts Bill Payment. To sign up, please visit www.mysupport.com/phone/loginunified



1 Account Summary

See your previous balance, payments received and any adjustments made to your account. Any balance will be carried forward to the next billing cycle. Please allow 24 hours for payments to be reflected on your account. If you have any questions regarding your account summary, please call us at 1-800-ACN-3000.

2 Important Messages

We want to inform you of relevant and timely information regarding your account. Please read this section each month to stay informed regarding your account.

3 Payment Coupon

Detach this portion of your bill and return it with your payment. To avoid late charges, payment must be received by the due date listed on your bill. Please write your account number on your check or money order to ensure proper credit. Please do not staple or fold your payment.

4 Monthly Recurring Charges

Monthly charges for your ACN service are billed in advance. Charges will appear on your bill approximately 30 days before the service is provided. For example, your local service charges for January will appear on your December bill.

5 Taxes and Surcharges

These charges will provide an itemized breakdown of taxes, surcharges and fees associated with your ACN service.

All customer service calls regarding your ACN account should be directed to 1-800-ACN-3000.

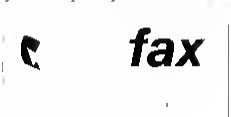
How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?



Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

The Laughter Of Women

The laughter of women sets fire
to the Halls of Injustice
and the false evidence burns
to a beautiful white lightness

It rattles the Chambers of Congress
and forces the windows wide open
so the fatuous speeches can fly out

The laughter of women wipes the mist
from the spectacles of the old,
it infects them with a happy flu
and they laugh as if they were young again

Prisoners held in underground cells
imagine that they see daylight
when they remember the laughter of women

It runs across water that divides,
and reconciles two unfriendly shores
like flares that signal the news to each other

What a language it is, the laughter of women,
high-flying and subversive.
Long before law and scripture
we heard the laughter, we understood freedom

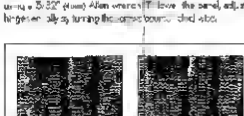
Adjustable Hinges

Some cabinet doors are equipped with adjustable hinges which allow for vertical and horizontal adjustment after the door has been permanently installed.

To adjust correctly, hold gently open the door and open the door slightly to allow for proper adjustment. Do not close door completely. Using a Phillips screwdriver, loosen the screws on the hinge plate. Move the door up or down to the proper position. Tighten the screws and close the door.

Adjusting to same horizontally.

To adjust the door vertically, loosen the screws on the mounting hinges slightly. Using the other screw, close the door. Using a Phillips screwdriver, move the door up or down as required. Remove the door, adjust the hinge screw by turning the screw counterclockwise and open the door.



Adjusting the hinge screw

Be sure to make corrected adjustments first. Make any vertical adjustments LAST after all other adjustments are complete.

NOTE: When raising or lowering door vertically it will be necessary to loosen screws on all hinges. Adjustment screws on the mounting plate are the only ones that need to be loosened. Do not remove screws. Loosen and lift door slightly. Tighten screws.

Butt Hinge Adjustment

On doors equipped with butt hinges, there are two screws on the top and bottom leaf on all hinges. The upper screw adjusts in or out. The lower screw is used for adjusting the door up or down.

Skill Shortages

This growing faith in data-driven decision-making has created a talent shortage. Since BL, hard talent requirements have ...Accenture Analytics, a 2,500-person unit within the huge management consulting and technology services firm, says the top goal at many clients is an "I-shaped" employee who has deep skills in a particular area but also a broad understanding of business issues. Accenture Analytics alone employs more than 20,000 people.

They're typically mathematicians who are ...Jeep new data modeling, they're close to the technology and they connect the right algorithms to the right data sets," says Sastry. Those new-generation systems are more receptive to open source tools and cost-effective than their predecessors. "They want to be sure that they're using the best, greatest technology and have access to cost-effective software," she says.

In the U.S. alone McKinsey predicts that demand for big data and deep analytics experts will exceed the supply by 140,000 to 190,000 positions by 2018 if current trends continue. What's more, U.S. companies will need 1.5 million more year-to-year data-literate managers who can ask the right questions and convention the results of big data analysis, according to the McKinsey report "Big Data." Companies can't or can't afford grants or internships to fill that gap, McKinsey contends. It will be necessary to "create a significant amount of the talent in place."

Moves That Are Order Taker

WHERE THE MONEY IS

Biggest Paychecks: Wall Street, San Francisco

Among millionaires, Wall Street IT compensation ...as once more family on new than in recent years. Median managers compensation in the securities and investments sector comes in at $177,000, ...26% of it from bonuses and options, a typical number in that sector. ...makes $434,000. Bottom managers who fully hold the No. 1 IT compensation spot in 2009 while banking ...ook up once-year bonus booster, now typically split in 18% less than securities and investment managers (Biotech's new No. 3 at $142,000.) IT pros in state and local governments, hospitals and education are paid the least. The ...reasons federal government IT staffs, makes 55% more than a state worker including 10% out of $125 industries.

San Francisco reigns as the high-paying city with median IT compensation of $134,000 and staff pay of $111,000. Despite the high rates, the city's tech pool still draws new employees—the likes of General Electric and Ford opened software development centers there in one past year.

The sector flows around our nation's top tier geographies and hurt in 2010. Washington was the only city among 15 where IT pros received median raises. As the economy recovers it's not surprising that 1 in nine of rubes (1.0% N 2 in staff pay. $110,000) and tied with New York for No. 2 in average pay ($150,000).

In hard-hit Detroit there are signs of growth. The median IT manager pay of $113,000 puts it with the best list of cities up from last in 2010 when pay was at $104,000. Detroit's median IT staff pay, with it at 2010 was 7% lower than any in other city in a new $85,000, up per with Minneapolis and Cincinnati. Dallas and Chicago —Chris Murphy

Don't let the internet scare off your customers!

How many positive links you have in first pages of Google?

We can improve your image!

Why reputation matters

Misleading, inaccurate or negative links in your search results adversely affect the impression you make when people Google you and can materially impact you or your business

People don't ask for character references anymore, they ask Google And what Google shows people — accurate or not — is your reputation

Unfavorable search results influence how recruiters, insurance companies, loan officers, potential clients and business partners, and even romantic interests view you

How we can help

Our reputation web services help you look your best when others search for you by promoting accurate information and burying misleading materials

We make it so people will only see good links about you when they search your name. We have an easy sign-up process and accept credit cards online

Any business can afford our service starting from only $149 per month

Troubleshooting Steps

The Steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet. Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Remove any splitters between the Fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device bypassing any home wiring
- If using an All-In-One device, be sure only the correct device (fax) is PC.

CALCULATING THE ONTARIO SALES TAX TRANSITION BENEFIT

- Eligible families – including single parents and senior couples – with an annual income of $160,000 or less will receive three payments totalling $1,000. Each payment is reduced by 3 per cent of income over $160,000.
- Eligible individuals with an annual income of $80,000 or less will get three payments totalling $300. Each payment is reduced by 3 per cent of income over $80,000.

Benefits will be delivered to eligible Ontario tax filers aged 18 and over in each of June 2010, December 2010 and June 2011.

To qualify for the ten payments scheduled in 2010, a 2009 tax return will have to be filed. A 2010 tax return will have to be filed to qualify for the June 2011 payment.

YOU MUST INFORM THE CANADA REVENUE AGENCY (CRA) IMMEDIATELY IF:

- you move,
- your marital status changes or is restored,
- the number of children under your care changes,
- you change your name,
- the recipient of this notice is deceased, or
- your banking information changes and you receive your payments by direct deposit – complete Form T1-DD, *Direct Deposit Request*, if available

HOW TO REACH THE CRA

If you need to make a change to your information, require more information or have any questions:

- visit our Web site at: www.cra.gc.ca/benefits/,
- call the GTA toll-free at 1 877 627-8640 between 8:15 a.m. and 5:00 p.m. If you use a teletypewriter (TTY), call us toll-free at 1-800-665-0354, or
- write to the tax centre address shown in the "tax centre" box on the front of this notice (include your social insurance number and any relevant documents).

To obtain forms, visit our Web site at: www.cra.gc.ca/forms/ or call 1-800-959-3221.

For confidentiality reasons, we can only discuss this matter with you or your authorized representative.

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and molecularly ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT

Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subclassification. It is reported as a percentage (e.g. 90%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out and types that cannot be excluded.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here. In some rare cases

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.

1. If the moon was four times as far from the Earth, how much would the force of gravity decrease?
2. If an apple fell from thirteen times its original height, how much more would the force of gravity decrease?
3. If the egg dropped from six stories where it was usually dropped from, how much would the force of gravity decrease?

Answer Key

the force of gravity would be

1. $1/4^2=1/8$ of its past value
2. $1/13^2=1/169$ the force of gravity of apple 2 would be $1/169$ the value of apple 1
3. $1/6^2=1/36$ the force of gravity would be $1/36$ of the original value

$1/d^2$

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for **easy reference** by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE Whenever trouble-shooting a fax issue, it is good practice to set the *Automatic Repartonption* to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. The options available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white text fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

"Finally, in order to best prepare the coordinator for the call could you tell me:

1) *Do you have a corporate responsibility whatever in place or green team?*
2) *Do you own or lease your property? Either situation is eligible for participation in the program.*
3) *This program requests a commitment to ongoing maintenance from your staff and/or landscape contractor to ensure successful projects, is this feasible?*

Thank you for your time today and for taking my call"

BACKGROUND ON CREDIT VALLEY CONSERVATION (CVC)

Credit Valley Conservation (CVC) is a community-based environmental organization, dedicated to protecting, restoring and managing the natural resources of the Credit River Watershed.

CVC was established by the provincial government in 1954, and is one of 36 Conservation Authorities in Ontario.

Credit Valley Conservation head office is based in, Mississauga, Ontario, Canada

WEBSITE: http://www.creditvalleyca.ca

OBJECTION RESPONSE

1. **We lease.**

   Either situation is eligible for participation in the program. You will require permission from landlord if you lease and our experience is that they sometimes cover costs of plant materials.

2. **Cost.**

   We work with whatever budget you have. There is no cost for our program services (we are funded by the Region of Peel), but you will have to cover the cost of plants and any hard construction materials. Non-profit organizations may be eligible for funding and we can provide a list of funders (i.e. TD Friends of the Environment.

3. **Not enough green space.**

   We can work with any size space and can recommend environmental solutions for paving, walls and roofs (i.e. permeable paving and parking islands, green roofs and walls.

THE ATHEIST AND THE MARINE (this doesn't get any better)

A United States Marine was attending some college courses between assignments. He had completed missions in Iraq and Afghanistan. One of the courses had a professor who was a vowed atheist and a member of the ACLU.

One day the professor shocked the class when he came in. He looked to the ceiling and flatly stated "God, if you are real, then I want you to knock me off this platform. I'll give you exactly 15 minutes."
The lecture room fell silent. You could hear a pin drop.
Ten minutes went by and the professor proclaimed, "Here I am God. I'm still waiting."

It got down to the last couple of minutes when the Marine got out of his Chair, went up to the professor, and mid-cocked him, knocking him off the platform.!
The professor was out cold.
The Marine went back to his seat and sat there, silently.

The other students were shocked and stunned and sat there looking on, in silence.
The professor eventually came to, noticeably shaken, looked at the Marine and asked, "What is the matter with you? Why did you do that?"
The Marine calmly replied, "God was too busy today protecting America's soldiers who are protecting your right to say stupid things and act like an idiot. So, He sent me."

THIS IS GOOD, KEEP IT GOING

INTRODUCTION TO ENG4G-M

Welcome

We at the Independent Learning Centre are pleased that you have enrolled in this course. We would like to make your study useful and pleasant.

General Information

The three important elements in distance education are the student, the lessons, and the teacher.

You, as a student, must be self motivated and self-disciplined. You have already shown motivation by enrolling. The discipline will have to follow as you face each new lesson.

We have tried to make the lessons interesting, useful and challenging. We would like to see you progress steadily through the course. If there are places where you are held up because our instructions are not clear or our commentary not helpful, let us know. Information you supply and suggestions you make to your teacher will be relayed to ILC. The associate teacher assigned to you will work through the course with you, paying close attention to your individual needs.

Black Bean Nachos from Daisy Brand®

Ingredients

1 cup Daisy Brand Cottage Cheese
1/4 cup Daisy Brand Sour Cream
3 dashes hot sauce to taste
1/2 teaspoon cumin
4 cups pita chips
1 15.5 ounce can black beans rinsed and drained
1 cup shredded reduced fat Mexican cheese blend
1/2 cup chopped green onions
1 medium tomato chopped

Nutrition Info

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file, many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
E-Mail intl-support@interpage.net
Web. http://www.interpage.net

Thank you for your interest!

Notes: 1 Due to the malicious use of the FreeFax service, Interpage will no longer transmit personal text messages: only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/sub-fax-trial.html*, omitting any billing information, and validly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2 The fax is not a solicitation nor is it an offer. I was sent by a visitor to interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests. It is good world, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Configuring Initial Settings for Fax Functions

1647-011

Follow steps 1 to 4 described below to configure the fax settings. First, determine which receive mode best suits your intended use, and then follow the onscreen instructions to configure the settings. For more information about a particular step, click on the link or go to the corresponding section.

Step 1 **Deciding Which Fax Receive Mode to Use(P. 79)**

Step 2 **Registering the Fax Number and Unit Name(P. 80)**

Step 3 **Selecting the Receive Mode(P. 81)**

Step 4 **Connecting the Telephone Line(P. 82)**

Think different.

1. Mount the camera to a sturdy tripod
2. Position a reference target for the camera to focus on. The reference target should have sufficient contrast for the AF system to read, should be flat and parallel to the camera's focal plane, and should be centered with respect to the picture area.
3. Print out either the Nikon "mini Focus Chart or the Focus Test Chart on regular letter size paper. You can print it on a laser printer or inkjet (doesn't really matter). Make sure to print on regular paper, not anything glossy, like photo paper.
4. Stretch tape or some other adhesive material to keep the focus chart on the wall.
5. Lighting should be bright and even.
6. Camera-to-subject distance should be no less than 50 times the focal length of the lens. For a 50mm lens, that would be at least 2.5 meters, or approximately 8.2 feet.
7. Set the lens for AF and the camera for One-Shot AF, and manually select the center focusing point.
8. Shoot at the maximum aperture of the lens via manual mode or aperture-priority AE, and adjust the exposure level if necessary to achieve an accurate exposure of the reference target. Use a low ISO setting to reduce noise.
9. If the lens has an image stabilizer, shut it off.
10. Use a remote switch and/or the camera's self timer to release the shutter. Use mirror lock-up as well.
11. Take three sets of images at micro-adjustment settings of -5, 0 and +5, i.e. three consecutive images at -5, three consecutive images at 0, and three consecutive images at +5. Then take a live view image for comparison.
12. Examine the resulting images on your computer monitor at 100% pixel magnification and compare each image to the live view image.
13. Take additional sets of test images at different micro-adjustment settings if necessary until the sharpest image is achieved and most closely matches the live view image.
14. Save the corresponding micro-adjustment settings in the camera.

Here are a few additional precautions to observe:

• Do not attempt to autofocus on an angled chart, because doing so will degrade the consistency of the camera's focusing measurement. Keep in mind that the camera's AF sensor is comprised of multiple pairs of linear pixel arrays. If you attempt to autofocus on a single line in an angled focusing chart only a few pixels from each active pixel array will "see" the target. Ideally, the contrast in the reference target should cover the entire area of the camera's center focusing point, and the reference target should be perfectly parallel to the camera's focal plane.

• For best results, manually set the focus on the lens to infinity for every exposure before allowing the camera to autofocus the reference target.

• Expect some minor variations in focusing accuracy within each set of three test images, even though they were all taken at the same micro-adjustment setting. This is completely normal, and is due to the tolerances of the camera's AF system.

• Expect smaller micro-adjustment settings to have a greater effect with telephoto lenses, and vice versa for wide-angle lenses.

• If you are attempting to set micro-adjustments for a zoom lens, it is important to realize that the camera's setting may only be accurate for the focal length setting you test. The instruction book suggests testing at the longest focal length of the lens, but you may find it more efficient to choose the focal length you use most often.

• Some cameras and some zoom lenses may require more sophisticated calibration than the on-camera AF micro-adjustment settings can provide. In such cases, it may be necessary to have calibrations performed at a Factory Service Center.

구연산은 전 세계적으로 수 백 가지 제형이 있으며 제각각 다른 맛과 색깔 조금씩 다른 효과를 보여주고 있습니다

HQ 구연산은 30년 이상의 노하우에서 나온 제품이기에 구연산 형이서도 가장 우수한 효능의 제형이라고 자부합니다

HQ 구연산은 100% 순도의 유기농 천연 발칼리 발효식품입니다. HQ 구연산은 일리지널과 말과 두 제품이 있읍니다

오리지널은 모든 질병에 탁월한 효능이 입증되었으며 말과는 위산과다와 위장에 민감한 분들을 위해 또 개발됐답니다

구연산이라고 해서 말두 똑같은 효능과 질병 치는 것이 아닙을 말해가 말해줍니다. 두 제품 모두 제계 항상의 철생식형

예만 투여하는 코셔(Kosher Approved) 인증을 받았습니다. 구연산을 테실이나 해든 할 과정에서 열으로면 수백 배의

고비용이 들어가는 반면 효능은 월로 구연산에 비해 아주 탁월지만 HQ 구연산은 100% 유공제 천연 제료인 전분에

이생물 발효효소형 형성시켜 12 17단제의 형효 숙성과정으로 제조됩니다 HQ 구연산을 저렴하게 판매하고 있읍지만도

값싸면 건강제형에 비교할 수 없는 판매통제에 가까운 제형이라서 국현 건강 식품여라 칙해도 손색 없이 크답니다

해이 해형은 분말 제품제품는 편해이 아주힌 해가 없고 남녀노소 누구나 식사 후에 곧바로 드시면 아주 좋습니다.

HQ 구연산 사용법이 이 안내서에 상세히 설명되어 있으므로 버리지 마시고 피사에 제대로 활용을 수 있거를 바랍니다

HQ 구연산의 효과적인 복용법

1. 한 컵(8온스) 을에 제품께 드림 스플으로 한 스푼 정도나 미국 티스푼 1/4-1/6를 타서 시작하십시오
2. 반드시 식사 중이나 식후의 음식로 드시고 물소 속어 쓰러지 않다면 음식시에 약하게 께 드셔도 좋습니다
3. 위산산다, 역류, 식도염에는 말과를 식후에 곧바로 드시고 여전히시면 말을 들러서 드시면 조절됩니다
4. 말과를 드셔도 여전히 효과를 못 보시면 오리지널로도 사용해 보셔서 온안에게 맞는 것을 찾으셨시오.
5. 건강을 위한 복용은 하루 2-3회 질병 치료 목적이라면 식후 3회 또는도 2 3번을 더 자주 드셔야 합니다
6. 위장상태가 좋으면 3-5복 더 진하게 드셔도 상관이 없으며 그만큼 효과가 더 빠르게 나타나게 됩니다
7. 냉 온수에 타 먹는 것이 가장 바람직하지면 기호에 따라서는 끝을 주스 들에 타서 복용하여도 됩니다
8. 신맛에 적을이 잘 안되면 코르테스 천연 미네를 소금을 구연산 말의 1/2 1/3를 들께 타시면 됩습니다
9. 천기 미온수기를 통한 클랄리수에 타시면 부작을 초래하므로 정수된 물이나 수돗물을 사용하십시오.
10. 구연산은 유기농 천연 말물리수에도 한물적인 미련 클랄리 이든수기는 사동하지 않는 것이 좋습니다
11. 구연산과 코르테스 천연 미네를 소금을 1-1.5 1의 비율로 타동고 자주 마시면 부생장수 건강해집니다.
12. 1회에 20스푼 이상 과다복용은 용종 상하게 할 수 있으며 청량복용은 배를 더 강하고 튼튼하게 합니다
13. 질병 치료를 위하여 더 많이 복용하시더라도 너무 장기간 과하게 드시는 것은 좋지 않을 수 있읍니다
14. 구연산은 최주 질환에도 놀시만 차아기 약에 서란 부은 돈수로 생구시거나 달치질을 반드시 하십시오.

당 뇨 병	혈당과 혈압을 조절하는 복용법	고 혈 압

당뇨약과 혈압약을 복용하면서 구연산을 함께 복용하십시오 구연산 2-5스푼을 8온스 들에 용해시켜 매 식사 후 음복로 복용하시고 음복시에도 2컵 이상을 더 복용하십시오 그 후 제품을 중세가 나타나면 즉시 당분을 위해 저혈당 중세를 극복하시고 혈압약을 먹한 것부터 서서히 줄이거나 들으면서 구연산으로 혈당을 조정하시고, 혈압을 측정하여 저혈압이 되면 고혈압 약을 줄이거나 끊으시면서 HQ구연산으로 조절하시면 됩니다.

Joe,

I have done some wiring work. All signs from here indicate that things are in order but to be sure, please tell Martha tonight if this fax came through clear, "noise-free".

Thanks

Turning off Advanced Fax Operations

1. Press **Menu**
2. Press ▲ or ▼ to choose `Fax`.
   Press **OK**
3. Press ▲ or ▼ to choose `Advanced Fax Operation`.
   Press **OK**.
4. Press ▲ or ▼ to choose `Fwd/Page/Store`.
   Press **OK**.
5. Press ▲ or ▼ to choose `Off`.
   Press **OK**
6. Press **Stop/Exit**.

Note

The LCD will give you more options if there are received faxes still in your machine's memory. (See *Changing Advanced Fax Operations* on page 65.)

Changing Advanced Fax Operations

If received faxes are left in your machine's memory when you change the Advanced Fax Operation, the LCD will ask you one of the following questions.

■ `Erase All Fax?`
`Yes` → Press 1
`No` → Press 2

■ `Print All Fax?`
`Yes` → Press 1
`No` → Press 3

- If you press **1**, faxes in the memory will be erased or printed before the setting changes. If a backup copy has already been printed, it will not be printed again.
- If you press **2**, faxes in the memory will not be erased or printed and the setting will be unchanged.

If received faxes are left in the machine's memory when you change to `PC Fax Receive` from another option (`Fax Forward`, `Paging`, `Fax Storage`), press ▲ or ▼ to choose `PC`.

The LCD will ask you the following message:

■ `Send Fax to PC?`
`Yes` → Press 1
`No` → Press 3

- If you press **1**, faxes in the memory will be sent to your PC before the setting changes. You will be asked if you want to turn on Backup Print. (For detail, see *PC Fax Receive* on page 63.)
- If you press **2**, faxes in the memory will not be erased or transferred to your PC and the setting will be unchanged.

What are sharps?

Sharps is a generic term used for any medical item that is sharp and can puncture skin such as:

- Hypodermic needles
- EpiPens®
- Lancets and other items used for home glucose monitoring

Anyone who treats or monitors conditions such as diabetes, arthritis, or cancer at home may use sharps to do so.

Why it is important to dispose of sharps properly.

Exposed sharps in the trash can pose a great health risk to anyone who may come in contact with them such as sanitation workers, trash haulers, housekeepers and your family members or pets. It is important to dispose of your used sharps properly. **Please be aware that the guidance in this document applies only to sharps generated in a household.**

There are two ways to dispose of household sharps:

Regular trash and Mailback disposal options

Regular Trash.

You can choose to dispose of your used sharps in your regular trash (not recycling bin) but you need to follow these guidelines to help protect people who may come in contact with the waste such as family members, trash haulers, and landfill workers

1. Sharps medical waste should be placed in a sturdy puncture-proof, hard plastic container with a tight fitting lid, such as a red sharps container or a laundry detergent bottle

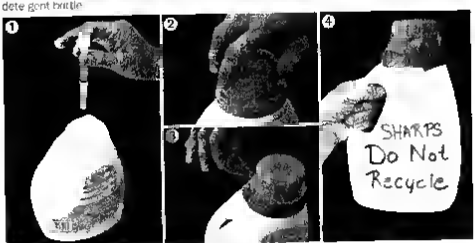
2. When the container is full, the lid should be placed back on the container

3. Tape the lid securely in place

4. Mark this container as

SHARPS
DO NOT RECYCLE

and then place the container in your household trash



Since many municipalities manage contracts for household trash pickup services, be sure to check with your municipality or local trash hauler for any other guidance about disposal of sharps in your community.

RxBOX is for household medications only. Household sharps should **not** be put into RxBOX containers. Please dispose of them in your household trash using these easy-to-follow instructions.

For more information on proper disposal, visit our website at **www.dupagehealth.org/rxbox** or call the DuPage County Health Department at 630.221.7540

1. Make sure you are in FAX mode.
2. Load your document.
3. Press **Hook/Hold** or pick up the handset of the machine and listen for a dial tone.
4. Dial the fax number you want to call.
5. When you hear the fax tone, press **Start**.
6. Press **Hook/Hold** or replace the machine's handset.

Sending a fax at the end of a conversation

At the end of a conversation you can send a fax to the other party before you both hang up.

1. Ask the other party to wait for fax tones (beeps) and then to press the Start or Send key before hanging up.
2. Make sure you are in FAX mode.
3. Load your document.
4. Press **Start**.
5. Replace the machine's handset.

FAX OUT

Before I bought this I read the reviews and questions. A number of people felt that it could not be controlled by a DirecTV remote and wondered how to integrate it with a Samsung TV. I have a Samsung plasma with DirecTV and it works fine. Here's the drill.

Connect the Vizio to the Samsung TV using the Digital Optical cable (don't put a kink in the cable!)

Plug in the Vizio AC adapter

Select the Vizio input to Optical using the Vizio remote (4 clicks of the INPUT button until you get the fourth from the left pair of LEDs on the lower left face of the Vizio bar)

Change the Vizio to be in Power Save OFF mode (press POWER + VOL DOWN together for 5 seconds using buttons on the back of the bar)

Program the DirecTV remote to control the Vizio as follows:

Slide the remote's selector to AV1 (second from left position at the top of the remote)

Hold SELECT + MUTE until you get a double flash at the top of the remote

Key in 3 2 4 5 4

Test to see if the remote will turn the Vizio on/off using the remote's PWR button (not the On/Off buttons)

If NOT OK repeat using code 31517 and test again

If NOT OK, then your DirecTV remote probably won't work the Vizio

If OK, again press MUTE + SELECT until you get 2 flashes

Key in 9 9 3

Press SELECT

Return the selector slide switch all the way to the left (to the tiny DirecTV logo)

Change the TV speaker to OFF using the Samsung TV remote (not the DirecTV remote)

For me this setup works quite normally using the DirecTV remote and the Vizio remote is in a drawer. I made no changes to any TV setting except to kill the TV speaker, as above. The only difference in operation is that I no

Dropbox Quick Start

DEMONSTRATION

What is Dropbox?

Dropbox is software that links all of your computers together via a single folder. It's the easiest way to back up and share files between computers.

The **Dropbox Desktop Application** is software that watches a folder on your desktop computer and synchronizes it to the web and your other computers.

The **Dropbox Web Interface** allows you to access your files on any computer from a web browser. You can also use the Dropbox website to share your files or folders with others.

The **Dropbox mobile website** and **Dropbox for mobile devices** allow you to take your Dropbox from your pocket so you can take your files wherever you go.

Is it for me?

Transferring data between computers usually requires uploading via web forms, connecting to network drives, carrying around thumb drives, or sending emails with attachments to yourself and others. Dropbox makes all of these methods obsolete. If you're looking for a better way to transfer data over the Internet or are just looking for a way to improve productivity within your team, Dropbox is for you.

A Tasty Bit Of RacyPy

Why not have a play with RacyPy and jump into the world of Linux and programming? RacyPy, which uses Puppy, a lightweight Linux distribution, which can be used to run Linux on any PC without even installing it. RacyPy is packaged with a range of tools, ready to go, so it can be ready to try [illegible] in the image over.

What Is RacyPy?

RacyPy, is a pre-packaged cd image which when "booted" (run from power up) will load a graphical desktop similar to a MS Windows or Apple Mac computer.

The RacyPy image is setup as a "Live CD" which means it loads directly to memory and nothing is installed.

RacyPy comes with a range of software ready to run, such as

- AbiWord — word processing
- Gnumeric — spreadsheets
- Seamonkey — web-browsing
- mtPaint — graphic editing
- Geany/Vim — programming editors
- MPlayer/Ogle Pmusic — video DVD/ music playback
- Python 2.7.2 and 3.1.4 — programming

Plus many other useful utilities. If you decide to use RacyPy more than once, you can also setup a USB Memory Device to store your user data on. This will also allow you to install any additional programs which will be loaded every time you reload it.

Get Ready!

First, obtain the iso image file

Racy-5PyTeampython.iso (384Mb)

http://goo.gl/UykP4

Depending on the *method* you'll need

Live CD	Blank CDR & CD/DVD Writer*
Virtual Machine	940Mb hard-drive space This includes: ~360Mb for the Virtual Machine software when installed 384Mb for the iso file 256Mb for temporary RAM space (only needed when running)

If you intend on keeping your settings (which can then be loaded each time) then it is recommended you have a USB flash memory stick of at least 1Gb or more.

Universal USB Installer

http://www.pendrivelinux.com

If you don't have a CD/DVD drive on your system it is also possible to boot and run Linux from a USB memory device (1Gb or more).

Follow the guide from *http://goo.gl/S4VTI* but instead of "Lucid Puppy" select "Racy Puppy". Then press "browse" to Racy 5PyTeampython.iso you downloaded above. If you don't see it try ensure you have named it with "racy-5" at the start of the filename.

Thanks to Terry Newton and Jonathan Bennett for their help.

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

questions.

If you've been fired from your job, how do you know if the termination was legal or illegal (called wrongful termination)? Most employment is "at will," which means an employee may be fired at any time and for any reason or for no reason at all (as long as the reason is not illegal). But there are some important exceptions to the at-will rule—and legal remedies—that may help you keep your job or sue your former employer for wrongful termination.

Written Promises

If you have a written contract or other statement that promises you job security, you have a strong argument that you are not an at-will employee. For example, you may have an employment contract stating that you can only be fired with

HISTORY

Mr. Patient returns today for follow-up. When last evaluated, he was referred for an updated MRI of the lumbar spine. He is now scheduled for that study today. His recent MRI from 04-5 synovial cyst excision. The patient today for discussion of the results. This recent MRI. In the interval since his last evaluation he has had left leg pain has settled down considerably. His left leg pain has resolved. He notes that a small amount of back pain. He does note that he gets a numbness upon waking in the morning and also throughout the day.

PHYSICAL EXAMINATION

Lower extremity neurologic testing reveals no focal weakness with regard to strength and sensation today.

DIAGNOSTIC DATA

X-RAY FINDINGS

Review of his AP and lateral radiographs from his prior office visit on 11/29/09 did reveal a subtle grade 1 spondylolisthesis at the 04-5 level.

MRI. An updated MRI of the lumbar spine obtained at DIH-S Center 11/29/12 reveals a left-sided synovial cyst at 04-5. There is also a central canal that is left-sided cyst noted at the given posterior level. The report does refer to this as the L5-S1 level.

ASSESSMENT AND

1 Grade I 04-5 spondylolisthesis with left-sided 04-5 synovial cyst
2 Status post left 04-5 synovial cyst excision

TREATMENT PLAN

Mr. Patient has now had back pain, left leg pain and a myelopathy at his prior operative level. The symptoms have improved with conservative care and with the chance of worsening was small. However, the possibility of this. He has major concerns due to his symptoms were still referred to a left 04-5 unilateral synovial cyst excision. He firmly elected to undergo surgical. I could likely central canal 04-5 transforaminal laminotomy for synovial cyst excision. This was discussed briefly with the patient today. On his office follow up in our office. I detailed the risks, benefits and alternatives of the lumbar spine, which he obtains. He understands the dynamic instability. I will want to be in touch the patient

Introduction
What can I do if I can receive but cannot send fax messages?
Related Information

Introduction

This article is one of a series to assist in the setup, troubleshooting, and maintenance of Cisco Small Business Products (formerly Linksys) VoIP products.

Q. What can I do if I can receive but cannot send fax messages?

A.

Resolving Unidirectional Sending Fax Problems

Refer back the following procedures if the Line 1 or Line 2 LED, depending on what Line the fax is connected to, is:

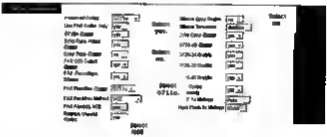
Step 1
Access the PAP2's web-based setup page. For instructions, click here.

Step 2
From the PAP2's web-based setup page, click Admin Login then click Advanced near the top right of the screen.

Step 3
Click Line 1 or Line 2.

Step 4
Set the Network Jitter Level to high.

Step 5
Go to the Voice Configuration section. Find and change Fax Enable, Fax Relay Enable and Fax Codec Negotiate to Yes. For PAP2 Revision Hardware: 0201 FAX Revision Number is 0.1.1.1 and Fax Enable Relay to yes.



Step 6:
Go to the Regional section and set the Dial Tone, Ring Back Tone, Busy Tone, Reorder Tone, Call Waiting Tone and Ring Voltage to default.

Turnabout Is Fair Play

A wife was making a breakfast of fried eggs for her husband when, suddenly, her husband burst into the kitchen.

"Careful," he said, "CAREFUL! Put in some more butter! Oh my GOD! You're cooking too many at once. TOO MANY! Turn them! TURN THEM NOW! We need more butter. Oh my GOD! WHERE are we going to get MORE BUTTER? They're going to STICK! Careful. CAREFUL! I said be CAREFUL! You NEVER listen to me when you're cooking! Never! Turn them! Hurry up! Are you CRAZY? Have you LOST your mind? Don't forget to salt them. You know you always forget to salt them. Use the salt. USE THE SALT! THE SALT!"

The wife stared at him. "What in the world is wrong with you? You think I don't know how to fry a couple of eggs?"

The husband calmly replied, "I just wanted to show you what it feels like when I'm driving."

Editor: I could be wrong about this, but I'm guessing that this husband immediately found out what it is like to WEAR fried eggs.

kann am Object gegeben werden das eine Einheit ist und wodurch nur eine größere Wirkung gesetzt wird, welches alsdann eine intensive Größe ist und die eigentlich den Grund enthält. [10] In allen Gegenständen der Sinne können wir uns extensive Größe, wenn wir vieles empfinden, und intensive Größe z.E. worm ein Schmerz mir alle Aufmerksamkeit bestimmt, vorstellen. Was eine Einheit ist, kan also auch eine Größe heißen aber als Grund und der Grund ist z.E Bewunsrung, diesen erkennen ich hins an der Folge, und ist ist der Grund der Unterscheidung eines Dinges von andern. Die Größe diejenigen was als Vielheit vorgestellt wird, ist extensiv, und als Einheit intensive, welches wieder Grade hat. Alles z.E. was im Raum ist hat extensive Größe und so auch alles was in der Zeit ist vorgestellt wird, was nehmlich oben im Raum oder Zeit wirklich Realität ist, oder was empfunden werden kan, kann wir also nicht ist, das nennen wir einen leeren Raum, eine leere Zeit, und alle Realität der Erscheinung hat auch Grade, die jede gegebene Empfindung kan ungesehen werden als eine andre Empfindung die, selbst von null an, in der Zeit gewachsen ist, daher kan man sie so nehmen, als könne sie auch wieder bis [verschwinden und kleiner werden. Bey den Verschiedenen Realitäten können wir doch auch keine andre Beyspiele, als nur von dieser entlehnen, geben, und er kan also nach nicht mehr oder weniger Begriffen gedacht |

[A172] werden, daher hat aller Verstand auch einen [11] Grad, nach welchem er leicht etwas in unsern Begriff bringen oder unterschieden kan. Das Bewusseyn der Vorstellungen unter allgemeine Regeln hat also Grade, und Leibnuz nannte selbst die 0 eine realitas evanescens oder verschwindende Realitaet, welches sonst betrachtet wird als eine der 0 nächste Realitaet, und die negation kan man daher als eine solche verschwindende Realitaet ansehen. Man kan daher auch eine Größe sich einfach denken nur als die eines Grundes und nicht wodurch eine Menge gesetzt wird.

Von der großen und kleinen Möglichkeit. Bey innerlich möglichem findt kein Grad statt denn da wird nur auf die innere Uebereinstimmung gesehen, die wir nur als die Uebereinstimmung mit dem principio contradictionis ansehen. Die hypothetische Möglichkeit hat aber eine Größe weil sie einen Grund hat der Grade enthält, denn je mehr Fälle zum Gegentheil da sind jemehr nimmt die Möglichkeit ab. Man hat eine besondre Rechenkunst die man die Kunst zu finden [Probabilitaet heißt der Grund der Möglichkeit in Verhältnuß auf die Wahrscheinlichkeit; und wodurch man den Grad der Möglichkeit berechnen kan. Fecundum rationes quae ponibus rationis ist ein Grund von sehr vielen Folgen wovon die Folgen immer selbst wieder Gründe sind, und der Grund ist intensive Größe. Eine unendlich kleine Möglichkeit ist so viel als Unmöglichkeit, und diese läßt sich aber denken ohne sie mit durch einen Widerspruch zu erkennen. Die absolute innere Möglichkeit ist bey allen Dingen einerley. Die hypothetische ist aber in Beziehung auf gewiße Bedingungen größer oder kleiner dem wenn alle Gründe da sind, so uns Gewißen. Alle Verknüpfung kan groß oder klein sein und hat einen Grad, wenn die Einheit des Grundes und der Folge größer oder kleiner ist, jemehr das eine in das andre gesetzt wird. Z.E. in der Freundschaft. Die Möglichkeit so fern sie nicht nihil negativum oder auch selbst widersprechende enthält, sondern ein Ens imaginarium wozu kein Grund ist, so wird ein solch zugedachtes Ding das keinen Wiederspruch hat wie einer verschwindende [9] Möglichkeit angesehen.

Die Autor redt jetzt von der Größe der Einheit, Wahrheit und Vollkommenheit. Wenn nun man von dem transzendentalen der Einheit, des Mannigfaltigen im Dinge so fern es zu seinem Wesen gehört, der Wahrheit, und Vollkommenheit redt, so haben diese gar keine Größe und lassen sich daher auch gar nicht vergleichen, in ewem gewißen Betracht ist zwar z.E. ein O größre Einheit wie ein Δ weil dort nur [

[A173] 1 und hier 3 Einten sind. Dinge können aber nur der Größe nach verglichen werden, wenn sie mit einem und demselben Iten comparirt werden, und sonst auf keine Art, denn nur in Vergleichung mit einem Iten können Dinge größer oder kleiner genant werden haben sie ein verschiedenes Maaß so findt keine Vergleichung statt z.E ich kan sagen A>C, und B<C aber nicht A>B C<D hier ist nicht ein und ebendaselbe Ite mit dem sie können verglichen werden – Die identitaet oder Diversitaet ist größer oder kleiner in so fern in einem und dem andern dieselbe Bestimmung gedacht wird, jemehr oder jeweniger Merkmahle eins mit dem andern enthält desto größer oder kleiner ist ihre Identitaet. – Conformitas rationis die Gemäßigkeit mit einem Grunde kan auch größer oder kleiner seyn wenn die Conformitaet gewißer Folgen mit gewißen Gründen größer oder kleiner ist. Die Uebereinstimmung mit einem unterschieden Grunde ist die größre. – Die Gesetze haben auch einen Grad, so fern ein anhalse auf viele Fälle gehe wäre

Step 3: Set your fax name and fax number

Your user information includes your name or your company name, your fax number (your fax number is your telephone number, unless you have a dedicated fax telephone line), and the time and date on your fax machine when a transmission is made. This information appears on the header and footer of the faxes that you send.

In some countries, you cannot send a fax without this information. Some fax machines also block faxes without sender information, so make sure that you enter this information in your printer.

1. From the printer control panel, navigate to **Your Fax Name**.

   > **Fax Setup** > **Dialing and Sending** > **Your Fax Name**

2. Enter your name or your company name, and then save the setting.
3. Select **Your Fax Number**.
4. Enter your fax number or your telephone number, and then save the setting.

Step 4: Set the printer to receive faxes automatically or manually

If the printer is connected to a dedicated fax line or shares the line with an answering machine, then you can set the printer to receive faxes automatically. If the printer is sharing the line with a telephone subscribed to voice mail service, then set the printer to receive faxes manually.

To set the printer to receive faxes automatically or manually:

1. From the printer control panel, navigate to **Auto Answer**.

   > **Fax Setup** > **Ringing and Answering** > **Auto Answer**

2. Select an Auto Answer setting, and then save it.

Step 5: Set the number of rings

If you set Auto Answer to On in Step 4, then do the following. If you set Auto Answer to Off, then proceed to Step 6.

If you subscribe to Distinctive Ring

Setting the correct ring is important. If you subscribe to the Distinctive Ring Pattern Detection (DRPD) feature offered by telephone companies. This feature allows you to have multiple telephone numbers on one telephone line. Each telephone number has a designated ring pattern (a single ring, a double ring, a triple ring). The different ring patterns let you know which telephone number was dialed and which device you should use to answer the call.

Assign one of your telephone numbers to the printer as the fax number, and then set the printer to answer the ring pattern of that number. If the pattern is set incorrectly, then the printer rings, but it never receives the fax.

1. From the printer control panel, navigate to **Ring Pattern**.

   > **Fax Setup** > **Ringing and Answering** > **Ring Pattern**

2. Select the ring pattern for the printer, and then save the setting.

If you do not subscribe to Distinctive Ring

If the printer is sharing the line with other devices, then set the printer to pick up on the greater number of rings. If the printer is connected to a dedicated fax line, then you can choose any number of rings that you want.

1. From the printer control panel, navigate to **Pick Up On**.

   > **Fax Setup** > **Ringing and Answering** > **Pick Up On**

2. Select the number of rings that you want, and then save the setting.

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-855-330-1239 or 1-213-294-2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-855-330-1239 (your boss will never notice, maybe) or 1-213-294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy: We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

FORM 1041 ACCOUNTING INCOME

Trusts generally pay income annually to one group of beneficiaries (income beneficiaries) while preserving principal for another group (remainder beneficiaries). The term "accounting income" refers to the income and expense items that are used to determine the amount the income beneficiaries are entitled to receive from the trust or estate each year. Items of income and expense that are allocated to principal are not used in calculating accounting income. Interest, dividends and other items of ordinary income are typically allocated to income while capital gains are allocated to principal. Fiduciary fees and administrative expenses are typically divided between accounting income and principal but may be allocated entirely to income or to principal. An trust or estate's accounting income may be specified in the will or trust agreement. When the controlling document is silent, allocation to accounting income and principal is determined by the Uniform Principal and Income Act or similar state law governing the trust or estate.

Note: Accounting income is only used to determine the amount required to be distributed to the income beneficiaries. Accounting income does not determine the amount of taxable income allocated between the trust or estate and the beneficiaries. Taxable income allocated to the beneficiaries is determined by the income distribution deduction

INCOME REQUIRED TO BE DISTRIBUTED CURRENTLY IS INCOME THAT IS REQUIRED UNDER TERMS OF THE GOVERNING INSTRUMENT TO BE DISTRIBUTED

TRUST INCOME CAN INCLUDE AN ALLOCATION OF CAPITAL GAINS, IF ALLOWED UNDER THE GOVERNING INSTRUMENT AND LOCAL LAW

CHECK ON DOING AMENDMENT TO THE TRUST TO INCLUDE THAT CAPITAL GAINS AND TAX EXEMPT INTEREST WOULD BE DISTRIBUTED TO BENEFICIARIES.

THE SADDEST THING
ABOUT BETRAYAL IS THAT
IT NEVER COMES FROM
YOUR ENEMIES.

Q What should I know about an FHA refinance?

A FHA refinance loans are available for rate and term refinancing or cash out refinancing. In addition, you may refinance a conventional loan to a FHA loan. For qualifying homeowners, FHA loans generally have several advantages, including:

- Equity requirement is 2.25% (rate and term refinances only)
- May qualify for a loan two years after the date of discharge of a bankruptcy (Chapter 7)*
- May qualify for a four (four) years after the date of a foreclosure*

*Waiver may be based upon personal circumstances and reestablishment of credit

Q What eligibility requirements are there?

A To be eligible for an FHA refinance with Discover Home Loans:

- Loan must be secured by a one- or two-unit property occupied as your primary residence
- Your monthly housing costs (mortgage principal and interest, property taxes, and insurance) should generally not exceed 31% of your gross monthly income
- Your monthly housing costs plus all debt bond monthly debt should generally not exceed 43% of your gross monthly income
- Your loan amount must not exceed your county limits as determined by the FHA. Contact one of our Dedicated Mortgage Bankers to determine what county loan limits are applicable to your specific situation
- You do not need to be a U.S. citizen, though additional requirements apply to non-citizens
- If applicable, you have been discharged from a Chapter 7 bankruptcy for 2 or more years or have completed a Chapter 13 bankruptcy you have made all court-approved payments on time and as agreed for at least one year. Additional requirements apply. Contact one of our Dedicated Mortgage Bankers about your specific situation.

Q When is refinancing a good idea?

A If you can reduce your current interest rate, you'll cut your monthly payments and may reduce the amount of interest you pay over the life of your loan (depending on the term of your new loan). Moving from a 30-year term to a shorter term mortgage can help you pay off your loan sooner while switching from an adjustable rate to a fixed rate mortgage will stabilize your payments. Or, if you need money to pay down high interest bills or make major purchases, a cash out refinance can help you do that.

Please call one of our Bed coted Mortgage Bankers at 1-800-270-3891 with questions or for more a for quit ce

DISCLOSURES, TERMS, and CONDITIONS

Your receipt of this document does not mean that you have been pre-qualified or are entitled to any of the benefits that are listed. This is not a commitment to lend. You must apply in order to be considered for any loan. Credit and collateral subject to approval. This refinance offer is not valid on manufactured homes or mobile homes. Other restrictions and limitations apply. For more information, visit our toll-free number.

Product/Rate assumptions: FHA 5 Year Fixed: Rate available as of 5/ 9/20 2. The advertised loan is a FHA 15-year fixed, safe fully amortizing loan. The interest rate is 2.75%. The disclosed **APR** is based on a 0.75% discount point. **FHA** origination fee and $2 00 in additional prepaid finance charges due at closing (which includes 1.75% ($5,600) in up front mortgage insurance premium). For a $200,000 loan, there are a 2.75% Annual Percentage Rate (APR) with 180 fixed monthly principle and interest payments of $1 353.26. This monthly principle and interest payment does assume does not include the FHA annual (multi) mortgage insurance payment. Actual rate, payment and APR may be higher or lower based on your credit score, purchase price, property location, down payment and other factors. Rates are subject to change daily without notice. Payment amount does not include property taxes or insurance premiums. Your actual payment obligation will be greater.

Terms available on closing. All loans are subject to credit and property approval. Rates, program terms, and conditions are subject to change without notice. Not all products are available in all states or for all loan amounts.

Benefits and Risks of Refinancing: Applicable benefits and risks vary based on the terms of your original loan, the terms of your new loan, collateral requirements, etc.

Before choosing to refinance, borrowers subject to a pre-payment penalty on their existing loan should carefully consider the cost of paying the significant penalty associated with refinancing during the pre-payment penalty period.

Refinancing or taking out your home's equity may increase the total number of monthly payments and/or the total amount paid when compared to your current situation.

You may realize interest payment savings when you make a monthly payments towards a new, lower rate/cost loan in an amount equal to or greater than what you normally pay on your existing mortgage loan.

The realized savings of a loan for rate/ consolidation depend on your individual circumstances and your detailed debt payments. You may realize interest payment savings when you make monthly payments towards the new lower interest rate loan in an amount equal or is greater than what you previously paid towards the higher rate debt(s) being consolidated. Keep in mind though, while your property payments will be lower in the long term you will be paying more in interest or initially the debt is extended over a longer period of time.

All loan programs are offered by Discover Bank Loans, Inc. a subsidiary of Discover Financial Services. 2500 Lake Cook Road Riverwoods, IL 60 5 (866) 709-1212 All loans will be secured by a lien against your property. TEST FAX FROM CISCO

In the late '70s T.30 was created to make fax machines something they had never been before, interoperable. But many of their manufacturers wanted to go outside of T.30 and continue to use some of their non-standard tricks and abilities. The integrated circuit and began to make good on its promise to produce a bounty of affordable consumer electronics. This meant that fax machines could go from being arcane, proprietary and extremely expensive to commodities — if only their makers could get over the temptation to make their units different in a way no one else could work with. Clearly a compromise was called for.

The T.30 facsimile protocol was written with many of its tolerances specified loosely enough to accommodate most of the odd stretch and compression of timing and signal content that had plagued fax interoperability since the inception of its market. In numerous places it was carefully written to be as generally accepting as was possible and still support the desire for inter-operation that caused it to be created in the first place. What it couldn't do was accept all manner of odd page image resolutions, strange encoding and outright changes to the signal flow between terminals. Those manufacturers who really wanted to use their deeply proprietary techniques for such things needed to have an out from T.30 once the fax call had begun and the originating device knew for sure that the answering device was one of its own. The solution that brought them aboard the T.30 bandwagon was just that, a free ride.

NSF stands for Non-Standard Facilities. The name actually says it all. NSF is the exit door for a fax call that was started using the compatibility conferred by the T.30 protocol. It permits both terminals to go into a completely proprietary mode wherein they can use any page transmission techniques they can mutually agree upon. When two fax machines enter phase B of their call negotiations, they exchange their capabilities via the T.30 specified DIS and DCS messages. DIS from the answering unit conveys its T.30 compliant features via a string of data bits to the originating device which compares these features to its own list and generates a best common of abilities between the two. If for example the answerer can support only the V.27 ter and V.29 modulations but the originator can use V.27 ter, V.29 and the more advanced V.17 the originator's DCS message will constrain the modulation to V.29 to accommodate the answerer's lesser modulation capability. However, the answerer may include the optional NSF frame (or frames) along with the DIS opening up other possibilities.

The NSF frame contains code bits very similar to those in DIS except that they specify features that lie outside of T.30 and, necessarily outside of the recognition of any fax machine other than one from the same manufacturer as the answering device. Most fax terminals emit NSF frames along with their DIS frames during the reception of a fax call. Where the process gets interesting is when the originating device recognizes both the origin of the answerer's NSF and its contents as being consonant with its own NSF feature set. Now the originator can respond with an NSS (Non-Standard Services) that takes the place of the DCS and sets up a fax exchange that may have little or nothing to do with the T.30 protocol. Once an answerer's NSF and an originator's

INSTRUCTIONS AND CONDITIONS

This page is for policyholder information purposes only and does not need to be returned with your loan request.

SECTION A - POLICY INFORMATION

Complete all policy information in this section. You may use this form for multiple policies if they have the same policyowner and require the same signatures.

SECTION B - CASH SURRENDER

Complete this section for a full surrender of the policy.

SECTION C - CANCELLATION OF PAID-UP ADDITIONS

Elect one of the distribution options available for your policy. Please check the appropriate box.

SECTION D - INCOME TAX WITHHOLDING

Select desired Income Tax Withholding

Internal Revenue Service regulations require that 10% withholding will occur unless you elect not to have withholding apply. A mandatory 20% withholding applies to a distribution from a qualified pension profit-sharing plan or tax-sheltered annuity unless you make a direct rollover or transfer of the amount withdrawn. If the distribution is not eligible for rollover the withholding is 10% on the gain and you may elect not to withhold any. A mandatory 30% withholding from any gross distribution will apply to any FATCA withholdable amount unless you provide the appropriate US Tax certification. The Internal Revenue Service does not require your consent to any provision of this notice other than the certifications required to avoid backup withholding.

SECTION E - SIGNATURE AND DATE

Please elect ownership type and fill out all applicable information. All required signatures must be written in ink using full legal names. The request must be signed by the person or persons who have the rights of ownership under the terms of the Policy by an assignee or by any other party who may have an interest in the Policy by legal proceedings or statutes.

- If the owner is a trust, complete the Certification of Trust.
- If the owner is a business, some of the Business Entities

ADDITIONAL REQUIREMENTS

Guardianship/Conservatorship - Signature of the current guardian is required along with the current Guardianship Papers or Letter of Conservatorship. The signature must be dated within one year of the request.

Power of Attorney - Request must be signed by the attorney-in-fact. A copy of the applicable Power of Attorney document is required. A completed, signed, dated and notarized Power of Attorney Affidavit and Indemnity Agreement is required when the disbursement will be $100,000 or over and/or the face amount of the policy is $1,000,000 or over.

Hello!

This is a sample fax file which is being sent to you as per your request via the Interpage FreeFax(sm) Service.

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxToEmail(sm) service with as-low-as per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315 2750 9AM to 5:30 PM M-F Pacific Time

E-Mail: fax-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notice: Due to the misuse of the FreeFax service, interpage will no longer receive free requests for demonstration messages. Only 1 request from a single user will be honored. You may still obtain a trial account for evaluation purposes by filling out the form at: http://www.interpage.net/fax/free-trial.html, qualifying by billing information. Also by indicating a valid e-mail address and subscribing to interpage's free "News Alert" (E-Mail) service.

2. This facility is a valuable tool for all of those sent by a visitor to interpage's web site. It is in valid your check of the number of pages sent of this fax. As this visitor may not receive a call or a fax from us, please let us know. However, if you find that you are receiving "more" or "unwanted" faxes, please call us at (510) 315-2750 and let us know. Thank you for your interest in interpage's services.

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE: Be sure that your phone number is not Caller ID Present by your telephone company prior to attempting to scan and receive a fax. Pressing *82 before dialing the toll free number will activate the Caller ID blocking feature in page speak. Other phone company services can protect you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax error, it is good practice to set the *Automatic Reports* option to *Every Error* before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different phone on different products, consult the product User's Guide for specific steps.

1. dress a one page black and white test fax to 1-888-hpfaxme (1-888-473-2963).
2. When your fax to machine by the HP Test Fax Service, we will generate a failure fax to you within five minutes confirming that we machine your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5–7 minutes, there may be a problem with the setup of your fax machine. Consult the user product that came with the product for basic setup and configuration

NOTE: The most common cause of failure is that the fax number set in the Fax receive on the machine does not match the number of the Phone line connected to the fax. Also, ensure that the fax Phone contains the full 10-digit subscribers number at the fax machine including the area code

You bake a couple dozen cookies and then they stare at you from wherever you have put them. Haunting you. Just one more...you say to yourself. Just one more.

I have this rule about baked goods that I only eat ones that I have baked (or that someone I know has baked). This keeps me from eating stale, terrible, supermarket cookies when I see them.

This rule has helped me drop several unnecessary pounds and now I save my baked goods. BUT if I have them around I can't stop eating them.

So, with the help of a reader's comment, I am up with this handy method of having my cookies without overindulging. Check this out:

I put my finished oatmeal raisin cookie dough mix on wax paper trays. And, then I froze them and dumped them out into a freezer bag. Now if I want a fresh baked cookie, I heat up my own personal baking sheet, and bake a reasonable number for my family.

DIY Guitar Neck to Read your SRV Light. (Visual Guide)

This was originally a thread pudding with an SRV light, and eventually it turned into a how to wire an LED to a guitar neck in general. Use this help for SRV light.

DISCLAIMER: Please do not go into this, and use responsible forum guidelines when you may make by doing this DIY and if you are not comfortable please ask for someone else to do it. Please read this entire thread before attempting. I am not responsible for YOUR safety. Use this DIY at your own risk.

Please, if your wiring method or neck has been removed or something similar, have engraved the neck. This is NOT one of those. You will get a LOT lesser in terms and the light. Thanks with us

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
